Ella V. Baines Bouquet Collection of 4 Everblooming Roses

FOR THESE ROSES IN COLOR, SEE FIRST PAGE OF COVER

There are no better Roses than these Four Bouquet Roses

No. 1 MRS. AARON WARD—This Rose is a real joy to the grower and absolutely distinct. One of the most delightful Roses of recent years in a color that catches the eye at once. Coppery-orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open, when it looks like a full fluffy-silk rose. No wonder everybody that sees it falls in love with it; one of the most beautiful Roses in existence. 25 cents; two-year, 50 cents.

No. 2 PRESIDENT TAFT—This Rose was raised in Cincinnati, the home of President Taft, and let us say right here, while some of you may not admire the President himself, you will, one and all, admire the Rose given his name. It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant, and in a class by itself as to color. Mr. Frank Good, who is probably familiar with more Roses than any man in America, says: “Talk all you want to about the Rose President Taft, and then you will not say enough.” Do not confuse this Rose with President, which some have attempted to rename President Taft. 25 cents; two-year, 50 cents.

Special Offer No. 19 The entire set of 4 Bouquet Roses as shown on first cover page, costing 90 cents, sent for only 65 cents.

No. 3 MADISON—This is the “money maker” among the cut flower Roses, and is a greatly improved Bride and when we say improvement, we mean a genuine improvement. The best feature of Madison is that the foliage does not mildew. Then after being planted and well established, Madison will cut as many flowers as Killarney, cutting steady each month in the year. Madison is a grand addition to my list of bedding Roses. Remember, that “Madison” is the money maker. Color delicate ivory-white faintly tinged pink on the edges of the petals. 20 cents; two-year, 50 cents.

No. 4 ECARLATE—This is not one of the newest varieties, but we intend to hammer the good qualities of this Rose until we compel attention. It’s a better grower than “Etoile de France,” of a darker color than “Liberty” and more fragrant than “La France.” What more do you want me to say about it? “Ecarlate” is without question the finest red bedding Rose to date, and the longer you put off making its acquaintance the more you will miss. 20 cents; two-year, 50 cents.

Special Offer No. 21 The entire set of 4 Bouquet Roses in two-year plants, as shown on first cover page, costing $2.00, sent for only $1.50.

Ella V. Baines Superior Collection of Tuberous Begonias

FOR THESE BEGONIAS IN COLOR, SEE SECOND PAGE OF COVER

Tuberous Begonias are grand for either in or outdoor culture, the soil should be one part leaf mould or the turfy soil scraped from the bottom of old garden loam and part sand. Mix well together. Where planted singly give each tuber a five-inch pot; three tubers in a seven-inch pot is better. Out of doors give them a partially shaded position; they do well on the north side of a house. Water very cautiously until active growth starts, then gradually increase the amount. No plant will give more bloom. They are gorgeous.

See Page 34 for my General Collection of All Sorts of Crispa and Cristata flowered.

2. Brilliant Bright Scarlet.
3. Purest Snow White.
4. The Grandest of all Pinks.
10 cents, 3 for 25 cents.

Special Offer No. 13 The entire set of 5 Choice Tuberous Begonias as painted on Page 2 of Cover, for only 35 cents.

Tuberous Begonias including Single and Double flowered, 25 cents.

Ella V. Baines Bouquet Collection of Choicest Dahlias

SEE FOURTH PAGE OF COVER FOR THESE DAHLIAS IN COLOR

No. 1 SPRINGFIELD—(Cactus.) This is a grand new Dahlia, first introduced this year. For perfection of bloom, erectness of stem, abundance of flower, this variety has no equal, except in the old standby Countess of Lonsdale, being identical with that variety except in the color. On a well developed plant often one hundred and fifty flowers may be counted. Is there any other garden flower that can equal it? The color is a rich amaranthine-red, the most beautiful of all Dahlias. 50c.

No. 2 KAISERIN AUGUSTA VICTORIA—(Decorative.) A grand white decorative Dahlia. The flowers are very large and bold. Color pure with ten cents.

No. 3 BLACK BEAUTY—(Decorative.) A beautiful dark velvety maroon, almost black. 20 cents.

Special Offer No. 3 The entire set of six Ella V. Baines Bouquet Collection of Dahlias, costing $1.60, sent for only $1.25. These are the best six Dahlias ever offered.

No. 4 AURORA—(Cactus.) The color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with apricot and dark ruddy copper, shading lighter towards tips of petals, intensely beautiful and resembling in color a splendid afterglow. 25 cents.

No. 5 MRS. CHARLES TURNER—(Decorative.) Bright canary-yellow. Flowers of immense size, often measuring from seven to nine inches in diameter. This surpasses anything for size in yellow Dahlias. Try it. 20 cents.

No. 6 MADAME A. LUMIERE—(Decorative.) A very attractive variety, pure white, with pronounced violet-red tips, an extremely handsome and showy variety. Should be in all collections. 25 cents.
ELLAVV BAINES STAR SET OF TESTED FANCY ROSES SEE THIRD PAGE OF COVER FOR THESE ROSES IN COLOR

No. 1 Duchesse of Wellington—Intense saffron-yellow suffused with rich crimson which, as the flower develops, deepens to a rich, coppery, a shade of color hitherto unknown among Roses; the petals are large and of great substance; free flowering and of delightful fragrance. A great acquisition. Awarded 40 cents. One-year, 50 cents.

No. 2 Laurent Carle—An extremely vigorous grower, with fine erect branching habit and fine dark-green foliage; long branches borne on long stems, opening into large flowers held in erect form in terminal clusters. A truly magnificent pink; smallest petals and largest buds. Brilliants variety. A very promising variety; another Rose is certainly worth trying. We know it has a future. 20 cents, two-year, 40 cents.

No. 3 Marie Delessale—As free in growth as Teplitz, flowering continuously; buds long and elegant, opening into large flowers of deep cerise. A decidedly free bedding Rose. 15 cents; two-year, 35 cents.

No. 4 Alexander Hill Gray—The respect of all Rose lovers warrants the issuing of a champion Rose, and a tea at that, to pay due homage to one of the world’s great teas. This Rose is highly vigorous, every shoot being crowned with a flower bud, which develops into a bloom of very large size, great substance and perfect formation, with high pointed petals and truly reflexed large and largest pure yellow Tea Rose yet introduced. 20 cents; two-year, 40 cents.

No. 5 Jonkheer J. J. Mock—This grand Rose is the result of a most perfect hybrid growing in the Hybrid Tea class. The blooms, which are produced with the greatest freedom, are carried on stiff and erect stems, and are of the largest size, of perfect formation and of hitherto unknown perfection and beauty. A glorious flower. Awarded two gold medals, one silver medal and five first prizes in Europe. We can confidently recommend this sterling novelty as a most valuable addition. 20 cents; two-year, 40 cents.

No. 6 F. R. Patzer—A most beautiful and distinct Rose which is constantly forming buds. The blooms are produced with great freedom on stiff stems, and are of large size and substance. The color is creamy-buff, back of petals delicate warm pink; whole flower is of large size. A very fine rose, and this year, the petals have become light orange-pink, forming a most charming combination. Valuable for garden culture. 15 cents; two-year, 35 cents.

No. 7 Belle of America—Lumez—Cream, yellow and orange are the colors in this queenly Rose. All the tints exactly beautiful, form very full and nicely rounded; a strong grower. We feel sure that this Rose will rank in the dozen best bedding “standard” in all necessary qualities, “fancy” in its coloring. 15 cents; two-year, 35 cents.

No. 8 Lady Ashtown—Deep rose, shading to silver, with the whole flower of soft copper color; large, full and fine form, free and constant. A grand garden Rose, much prized in England. 15 cents; two-year, 35 cents.

No. 9 Sunny Rays—In 1912, Mr. Alexander McArthur, Bus of this firm, made an interesting introduction in this variety, the petals of which had been slowly developed, and the largest buds. The flowers were small and of two-year, 10 cents.

No. 10 Radiance—A new American Rose; there is none better. A brilliant rose-carmine, displaying beautiful rich and opaline-pink tints in the open flower. The form is fine, large size and full, with cupped edge, and all becomes constantly and is delightfully fragrant. This is next to President Taft, the strongest growing of all H. T. Roses. Simply grand; superb beauty. 20 cents, two-year, 40 cents.

No. 11 Frierichsruhe—Color deep blood-red; large, full, well formed, flowering freely and continuously; excellent habit. A splendid red bedding Rose; was always just a little ways ahead—never quite reached. Such varieties as Meteor, Helen Goald, General McArthur, Gruss an Triest, etc., are all splendid, but this variety is a real winner. This year, Rhea Reid came nearer the mark in some localities, but now comes Olivia, coming under the wire first an easy winner. It has more petals in it than General McArthur and is a shade lighter in color than Rhea Reid, but has them both backed off the boards when it comes to free blooming. A superb Rose. 15 cents; two-year, 35 cents.

Special offer No. 14—Any 6 Roses priced on this page at 15 cents, sent for only 75 cents.

Special offer No. 15—Any 5 Roses priced on this page at 20 cents, sent for only 75 cents.

Special offer No. 16—Any 4 Roses shown on page of cover in colors and described on this page costing $4.10, sent for only $2.50.

Special offer No. 17—The 3 two-year-old Roses priced from $1.00 to $1.75, sent for only 75 cents.

Special offer No. 18—Any 6 Roses priced on this page at 35 cents, for only $1.75.

Special offer No. 19—Any 5 two-year-old Roses priced on this page at 75 cents, sent for only $1.65.

Special offer No. 6—The entire 24 two-year-old Roses named on this page costing $8.75, sent for only $6.50.
Dear Madam—

A year ago last winter I saw your ad in a magazine, and sent you a trial order for six of your Everblooming Roses.

I was skeptical about the Roses blooming the first year, although you guaranteed that they would. Every one of them bloomed, not only once but several times last year, all six are still alive and growing, and did even better this year than last. In fact some of them are in bloom now.

Last winter or spring, I selected from your catalogue which you sent me a collection of twenty Roses. Two days after they were set out we had a late spring frost and a snow storm. I thought that I had lost all of them, but I left them in the ground with all the leaves fallen off and nothing but bare branches left. All but five budded out again and have been blooming all the past summer. Three flowering, one Polyantha and another of everyone who has seen them. So much so that I am sending you the names and addresses of three of my friends who have requested me to ask you to send them your bulb and regular catalogues.

I hope I have not tried you with this long letter, but I thought perhaps you might like to know what a satisfied customer’s opinion of your stock was.

Yours sincerely,

W. H. Williams.

Just A Word

HERE I COME with my new Catalogue. My aim has been to improve this book from year to year by keeping the lists of Roses and plants up to the very highest standard. This has been accomplished by eliminating varieties that have been superseded by better sorts, and by adding to the lists varieties that are meritorious. By this method I am able to maintain my offerings up to the highest standard. Again thanking you for past favors and trusting you will speak a good word for my Plants, Roses, etc., to your friends and neighbors, your flower loving friend,

MISS ELLA V. BAINES, The Woman Florist, SPRINGFIELD, OHIO

THE CREAM OF THE NEW ROSES

We here offer what is good in the New Tea and Hybrid Tea Roses. To have what is good you must try these New Roses. They are the best that England, France, Luxembourg, Germany, Ireland, Italy, Holland and America can produce.

BRITISH QUEEN—(McGredy, 1912.) We quote the introducer's description: "Experts who have seen British Queen growing, agree that it is the finest white Rose in existence, surpassing in beauty and elegance of form all other white varieties. The freedom with which it blooms is remarkable. It is in flower from June until winter, and on well cultivated plants the blooms are a model of perfection. The type of flower is between White Maman Cochet and Frau Karl Druschki, with Tea Rose form and refinement; frequently in the bud state it shows a slight flush; this disappears as the flower opens into purest whiteness. It is a good grower and sweetly scented. Awarded a gold medal by the National Rose Society of England. Those who have had the pleasure to see this magnificent Rose blooming at Portadown will never forget the sight. 30 cents; two-year plants, 75 cents.

CANADIAN—(Dale, 1912.) This is a great forcing Rose; resembles very much in growth, habit and flower the old Madame Cusin; a beautiful shade of bright pink, with long stems. A decided beauty. 20 cents; two-year plants, 40 cents.

CHATEAU DES CLOS VOUGEAUT—(Perret Ducher, 1908.) Words are inadequate to describe, and pigments are not made which could reproduce the wonderful coloring and texture of this truly remarkable Rose. You have all been looking for the black Rose, and here it is. The most wonderful color and texture ever seen in a Rose; looks as if cut out of heavy velvet with a color shading from deepest velvety maroon-red to blackish-crimson. We are sure it will become one of the most popular of garden Roses, quite in a class by itself, blooming continuously in crops closely following one another. It is of fine shape, good size and the richest colored of all Roses, being fifty per cent. darker than Prince Camille de Rohan and Jubilee quite fragrant. With us the foliage of this Rose is absolutely resistant to black spot and mildew; in a class by itself for this reason alone. Keep your eye on this Rose, as it is a wonder; named after a vintage of famous old French wine. 25 cents; two-year plants, 50 cents.

CHILD'S SPECTACULAR—(Elliott, 1912.) This is a sport from Killarney, and might well be named "Striped Killarney." A glorious, sparkling pink, widely striped, blotched and variegated with pure white. Buds exceedingly large, with wide petals and long pointed shape like Tulips. In fact, the buds are so very large they have been taken for Tulips. A "Spectacular" Rose. 25 cents; two-year plants, 50 cents.

COMTESSE FELICIE HOYOS—(Soubert & Notting, 1912.) Very clear salmon-yellow, with center of rose-copper, overlaid with vivid carmine. In the style of "Prince de Bulgarie," but more vigorous and larger flowers. A grand Rose. 25 cents; two-year plants, 50 cents.

COUNTESS OF SHAFTESBURY—(Hugh Dickson, 1911.) This splendid Rose is the most perfect type of Hybrid Tea. Its beauty and perfection is so complete, so free from fault, so lack of profusion. In color it is bright silvery-carmine, flushed pale shell-pink at the edges of the petals, giving a delightful painters effect; the color at the base of the petals deepens with age to light cochinelle-carmine. Fine for massing in beds. Awarded the gold medal by the National Rose Society. 25 cents; two-year plants, 50 cents.

CRIMSON CROWN—(Alex Dickson, 1905.) Brilliant, glowing dark crimson. Lemon-white at base of the petals. Flowers borne in clusters and in the greatest profusion. A fine bedder. 25 cents; two-year plants, 50 cents.

DORA—(W. Paul, 1906.) Large full flowers of a beautiful peach blossom color, with deeper center, changing to silvery-bush as the flowers expand. A wonderful bloom. 1910.) A glorious Rose. Try it. 25 cents; two-year plants, 50 cents.

DOUBLE PINK KILLARNEY—(Scott, 1910.) The Killarney that will supersede the Killarney now grown. We have confidence in recommending it. Exceptional beauty and growth, unlike the normal type, as it possesses from ten to twelve more petals than its parent. Awarded Certificate of merit by the American Rose Society. 25 cents; two-year plants, 50 cents.

EARL OF GOSFORD—(McGredy, 1912.) Color dark crimson, heavily shaded after the style of Jubilee. A fine, strong grower; a Rose that will do particularly well in adverse climates; very fragrant and destined to become a very popular Rose. 50 cents; two-year plants, $1.00.

ECARLATE—(Boydart, 1907.) This is not one of the newest varieties, but we intend to hammer the good qualities of this Rose until we compel attention. It is a better, "Etoile de France," is a darker color than "Liberty" and more fragrant than "La France." What more do you want us to say about it, "Ecarlate" is without question the finest red bedding Rose to date, and the longer you put off making its acquaintance the more you will miss. 25 cents; two-year plants, 50 cents.

EDWARD MAWLEY—(McGredy, 1912.) Raisee's description: "By its marvelous outstanding qualities, is now generally regarded by rosarians as the greatest advance and most wonderful Rose yet raised. We have no hesitation in stating that this is the finest of all dark crimson Roses, a true perpetual flowering Hybrid Tea, and the most beautiful variety the Rose world has ever seen. Gold Medal, National Rose Society. The grand novelty of Messrs. McGredy & Sons, they have very aptly named Edward Mawley, in honor of one of the best beloved of British rosarians. It is an enormous, bi-petaled Rose, much larger than Melanie Soubert; a Rose it resembles in form, but of the beautiful rich color of a Louis Van Houtte, only with a more heavy shading upon the inside of its petals. This Rose could not fail to receive the coveted gold medal of the National Rose Society." 35 cents; two-year plants, 75 cents.

ELIZABETH—(Benj. Cant, 1912.) Deep rosy-pink, shading off lighter towards the outer petals. Large full and well pointed buds and flowers. A very valuable sort that is decorative wherever placed. 25 cents; two-year plants, 50 cents.

ETHEL MALCOLM—(McGredy, 1910.) No Rose for many years created the same sensation among Rose growers as this superior variety when it was awarded the gold medal of the National Rose Society. The color is ivory-white passing to a pure white when the flower expands with a delicate peach shading in the center of bloom. A truly lovely color. A fine novelty. 25 cents; two-year plants, 50 cents.

EUGENE BOULET—(Perret Ducher, 1911.) This will become a standard variety. It has all the earmarks of a good Rose. Vigorous grower; free bloomer. The blossoms of the largest size; a color a rich mahogany, and of delicious fragrance. A No. 1 variety. 20 cents; two-year plants, 40 cents.

FARBENKONIGIN—(Queen of Colors).—(Triler, 1901.) This is well named the Queen of Colors; our own personal opinion is that there is no finer in this beautiful set. It is large and full; color bright carmine and rose-crimson, overlaid with a satin-like silver white. Very floriferous. Simply grand. Here is another Rose that will bear a strong resemblance. All Europe knows this Rose, while but few in America have even heard of it. 20 cents; two-year plants, 40 cents.
THE CREAM OF THE NEW ROSES—Continued.

FRAU OBERBURGERMEISTER PIECO—(Jacobs, 1912.)

GARTENDIRECTOR HARTHARTH—(Leenders, 1911.)
Very large double flowers, with long elegantly pointed buds on stiff stems. Color very fine; color sunny flesh, very bright and very fine. This is a Rose that will win its way to your heart on first seeing it, and, like all of Leenders’ productions, is first-class. 25 cents; two-year plants, 50 cents.

GENERAL SUPERIOR ARNOLD JANSSEN—(Leenders, 1912.)
This Rose has all the good qualities of “Jonkheer J. L. Mock” and “Mevrouw Dora Van Tets;” and is just between them in color, being a deep glowing carmine, carried erect on stiff, robust stems. Very free and in every way a noble, first-class Rose; undoubtedly a Rose that has come to stay. 25 cents; two-year plants, 50 cents.

GEORGE REIMERs—(Sosport & Notting, 1910.)
Fiery-red, with shades of scarlet and ruby reds contrasting; more luminous than Richmond; large, perfectly formed flowers with massive petals; long bud; continuous bloomer. Will have a great future. 25 cents; two-year plants, 50 cents.

GROSSHERZOGIN FRIEDERICH—(Lambert, 1909.)
Everybody who gets this Rose will thank us for offering it. Color bright rose-vermilion, overlaid with a yellowish cast. Awarded the highest prize at Mannheim. Among the bloomers this Rose stands at the head of the list for freedom. 20 cents; two-year plants, 40 cents.

HAMLET—(Vignon, 1912.)
Clear salmon-yellow, passing to carmine, beautifully spotted with pink. Large, full, long bud, opening well on long, stiff stems, with continuous free flowering propensities. Excellent for cut flower purposes. 25 cents; two-year plants, 50 cents.

HARRY KIRK—(Alex Dickson, 1907.)
A splendid Rose, of most robust growth, with free-branching habit; freecolored and continuously; the blooms are large, with large, smooth petals of great substance, the form is perfect, the buds long and elegant. Is deep salmon-yellow, passing to a lighter shade at the edges of the petals. Awarded a gold medal by the National Rose Society of England. This Rose is difficult to propagate, and will always be a valuable addition. 25 cents; two-year plants, 50 cents.

HELENE WATTIS—(Sosport & Notting, 1910.)
White with lemon-yellow center, very double and of the largest size, opening as flat as a plate; a vigorous grower and a very promising bedder. Has the beautiful form of Malmaison. A charming novelty. 20 cents; two-year plants, 50 cents.

HERZOGIN MARIE ANTOINETTE—(Jacobs, 1911.)
Very long buds of pure orange or old gold; very large flower of perfect form. Sosport & Notting, say: “This is the finest yellow of all yellow Roses.” Gold medal, M. Gladisch; certificate of merit of the German Nurnberg Rose Society; also prizes of honor at Luxembourg, Berlin, and Zweibrucken. 25 cents; two-year plants, 50 cents.

HILDA—(Scott, 1911.)
This is a grand forcing Rose sent out by the introducer of “My Maryland.” It has buds and flowers of the largest size. A dark shining pink, with darker center. You will stop and notice this Rose. 20 cents; two-year plants, 40 cents.

IRISH FIRE FLAME—(Alex. Dickson, 1913.)
One of Alex. Dickson’s Superb Roses. A good single Rose with beautiful buds that remain in shape a long time, having great substance. It comes with long stems, and with its unique color, it forms a combination of great beauty. Awarded a gold medal by the National Rose Society of England. The color is old gold or coppery-yellow, fanned with ruddy-crimson. Certainly a most glorious Rose; if you have never had the pleasure of seeing how beautiful a single Rose is, try Irish Fire Flame. 25 cents; two-year plants, 50 cents.

LADY ALICE STANLEY—(McGreedy, 1910.)
This, we predict, will become very popular, being a pastel color, shell-shaped, forming a perfect flower; the color on outside of petals is a deep coral-rose; inside, delicate flesh, often flushed and suffused with bright red. Remarkably aromatic, without but a magnificent Rose. Awarded gold medal. 25 cents; two-year plants, 50 cents.

LADY DE BATH—(Benj. Cant, 1911.)
A grand garden Rose. Color, creamy-white, with golden-yellow markings in the center which change to a rose with rose paws. 25 cents; two-year plants, 50 cents.

LADY DOWNE—(W. Paul, 1911.)
A splendid bedding Rose, with large handsome flowers on stout stems. For a Rose the color is quite peculiar, being a beautiful shade of buff. When fully open the center is deep yellow, and it matures finelly into a pleasing light yellow shade. 25 cents; two-year plants, 50 cents.

LADY KATHERINE ROSE—(Bide, 1911.)
A direct cross between “Antoine Rivoire” and “La Colombine.” This is the most beautiful Rose of this class that we have seen; this Rose is of the same delicate pink as “La Fraicheur,” with the same unique markings in the petals characteristic of this beautiful Rose, retaining the violet-blue of “Colombine.” This variety was growing in the midst of known varieties during the summer, and several leading Rose growers who saw it blooming were greatly impressed, and prepared to pick it out. 25 cents; two-year plants, 50 cents.

LADY REAY—(Benj. Cant, 1911.)
An attractive bedding variety. Color, deep rich pink, deeper in the center, shading off in the outer petals to silvery-white; very fine. 25 cents; two-year plants, 50 cents.

LELIJE HOLLAND—(Hugh Dickson, 1911.)
Upright, free and vigorous, branching habit of growth, flowering freely and well; flowers large, with shell-shaped petals of great substance, carried on stiff, erect stems; color deep scarlet-crimson, heavily shaded with deep velvet-crimson; very sweetly scented. An excellent Rose. Gold medal. National Rose Society. 25 cents; two-year plants, 50 cents.

MADAME DREW—(Alex. Dickson, 1911.)
A truly magnificent Rose, superb in every respect. The blooms are large and full, carried on strong and erect flower stalk; the color is deep cream on first opening; passing to intense canary-yellow in the mature bloom; as the bloom develops; has the delicious, Refreshing perfume of the Tea Roses. Awarded by a unanimous vote the gold medal of the National Rose Society. 25 cents; two-year plants, 50 cents.

MADAME CHARLES LEJUNE—(Guilhot, 1912.)
Growth vigorous and upright. Large oval buds carried on erect stems. Flowers very large and very double; globular form. Very clear silvery-rose, with vivid center. 25 cents; two-year plants, 50 cents.

MADAME CHARLES LUTAUD—(Pernet Duchex, 1912.)
A fine, vigorous grower, with erect branching habit. Stems are almost thornless; foliage broad and nicely bronzed; bud very long and pointed on long stems. The bloom is large and full. Color, rich chrome-yellow, with outer petals of the same color and an inner color a rich Marquis Sancy blood but very distinct from that variety. 50 cents; two-year plants, $1.00.

MADAME EDMON ROSTAND—(Pernet Duchex, 1912.)
Desirably free. Strong grower, with but few thorns and small buds at that. Bud long and beautifully formed, opening into a surprisingly large, full flower with immense outer petals. Color, clear pink, with reddish outer petals, center, every tint clear and beautiful. The finest of the “Antoine Rivoire” type on account of its brilliant coloring. A most beautiful Rose. The society also prizes of honor at the German Rose Society. 50 cents; two-year plants, 50 cents.

MADAME G. SERRUIER—(Sosport & Notting, 1910.)
Mother of pearl white, beautifully flushed and tinted with baby pink. The flowers are formed as perfectly as a Camellia flower. Blooms from June till winter comes. A fine Rose. 20 cents; two-year plants, 40 cents.

MADAME JULES BOUCHE—(Croither, 1911.)
A beautiful white suffused with salmon-pink center, deeply shaded with violet-pink; large and high. Has been very popular. 25 cents; two-year plants, 50 cents.

MADAME LUCIEN BALLET—(Pernet Duchex, 1911.)
Rosy-flesh, shaded yellow. Rose-pink bordered carmine, large, full and glossy. A very fine blooming garden Rose. Distinct and useful. 25 cents; two-year plants, 50 cents.

GENERAL SUPERIOR ARNOLD JANSSEN.
THE CREAM OF THE NEW ROSES—Continued.

MADAME P. EULER—(Guillet, 1908.) Probably too old a Rose to be classed with the new varieties. We place it here so particular attention may be called to it. The color is a lovely shade of vermilion-pink, changing to silvery-pink. Very large, very full and very roseous, great lasting properties. Perfect form; fragrant. Awarded first prize and gold medal at Clermont. On the Pacific Coast this Rose is so well thought of that it has been rechristened "Prima Donna." It is without question a great Rose. 20 cents; two-year plants, 40 cents.

MADAME RAYVARY—(Pernet, 1899.) Not a new Rose, but not largely disseminated in this country. It is probable that more of this yellow Rose is planted in England, Ireland and the Continent than all other yellows combined. In growth and habit it is much like Madame Caroline Testout, and will always command a good price, being difficult to propagate. Long pointed buds of beautiful golden-yellow, opening to large, full orange-yellow flowers; very free flowering. Superb. 25 cents; two-year plants, 50 cents.

MADEMOISELLE BLANCHE MARTIGNAT—(Gamon, 1904.) Like so many of the good continental Roses, we just happened to have the good luck to run onto this superior Rose by chance. Why it has been neglected so long is beyond our comprehension. The only solution to the question, "lost in the shuffle" is probably the appropriate answer. Growth free and the foliage is quite distinct, both in shape and color. The shape is extremely long and pointed. It has a distinct light silvery color. The flowers are beautiful peach pink, with tints of yellow and crimson, the same colors as seen in the Aurora Borealis. 25 cents; two-year plants, 50 cents.

MADAME ROSALI—(Brandt, 1912.) This is the "money maker" among the cut flower Roses, and is a greatly improved Bride and when we say improvement, we mean a genuine improve-ment. Vermeil, golden-rose, Madison, and others. Color is the money maker. Color, delicate ivory-white, faintly tinged pink on the edge of petals. 20 cents; two-year plants, 50 cents.

MANUEL P. AZEVEDO—(Soubert & Notting, 1911.) The introducers say: "A splendid large double, upright flower of an ideal form. Color fresh cerise-red, with wax-like petals. This first-class novelty has the hardness and splendid form of Ulrich Brunner and is as free-blooming as Etoile de France, one of the first and finest blooming in the Rose garden. A new, rare and invaluable variety." Dr. Frank Good says: "This Rose has come to stay; it has already made for itself a place that is secure." 20 cents; two-year plants, 40 cents.

MARQUIS DE SINETY—(Permet, 1906.) This Rose extremely difficult to propagate, but it has such decided and pronouncedly marked merit that we are contrary to our usual practice of not mentioning Roses on our list. Was it not for this fact it would have been ere this relegated to the second class. It is a good grower after once rooted, and it is a Rose you will always plant. It is grafted with it. Everyone who has seen this beautiful Rose is enthusiastic over it. The color is of rich ochre-yellow, suffused with carmine or brassy red. The expanded flower of largest size is fairly double; of perfect cupped shape and of a rich golden-yellow or Orange with bright, rosy red, delicately fragrant. 25 cents; two-year plants, 50 cents.

MAY KENYON SLANEY—(Alex. Dickson, 1910.) A Rose of wonderful distinctness and charm, possessing a wondrous profuse and continuous flowering habit; the blooms are large and of wonderful finish; the color is a charming shade of pink, on rich cream, the pink intensifying as the flower expands; delightfully tea scented. Valuable. 20 cents; two-year plants, 40 cents.

MEVROUW DORA VAN TETS—(Leenders, 1912.) A choice Rose of great beauty. The habit of growth is perfection, every shoot producing a large, beautiful colored flower; with a garden decoration. The color is a deep glowing crimson; a flower you want to linger with, and which you visit again and again. This is another most valuable garden Rose sent out by that painstaking Dutchman, M. Leenders, of Stelt-Tegelen, who has already enriched for all time our gardens with the grand varieties "Jonkheer J. L. Moeck." "Garis" and "Superior Arnold Janssen." Yourself or friends will make no mistake in planting this Rose. 50 cents; two-year plants, $1.00.

MI-LADY—(Pierson, 1913.) A cross between "Richmond" and "Atchison." Color, apricot, old rose. Large, round, good, firm; has a tint of crimson; good growth. 25 cents; two-year plants, 50 cents.

MILDRED GRANT—(Alex. Dickson, 1901.) Ivory-white, with an occasional flush of pale pink or peach. High pointed center, with unusually large and massive flowers, superb foliage, and tarted flowers of enormous size and substance. Awarded the gold medal of N. R. S. and are the only firm in the United States offering this Rose on its own roots. It is a grand Rose. 25 cents; two-year plants, 50 cents.

MRS. AARON AARON—(Perme, 1907.) This Rose is a choice novelty, the color being "Norwegian rose." An old rose, gracing the gardens of Norway, and the color of this Rose is a bright yellow, somewhat deeper. The color is more distinct, and the blooms are larger, more profuse, and of superior quality. Awarded gold medal; Bagatelle (Paris), 1910. 25 cents; two-year plants, 50 cents.

MRS. ALFRED TATE—(McGredy, 1907.) The color of this Rose is perfectly fascinating and the form of bloom so distinctive; perfect and exquisite in shape; the color is coppery red, shaded, fawn, with a distinct ochre-yellow shading. Fine and long lasting. Awarded gold medal. Bagatelle (Paris), 1910. Awarded medal, Royal Horticultural Society, London, 1918. 20 cents; two-year plants, 40 cents.

MRS. AMY HAMMOND—McGredy, 1911.) It has an extraordinarily deep, long, very pointy flower, probably the most perfectly shaped and most graceful form of any Rose grown; has no equal among bedding or garden. Color, light pink with tints of white. The flowers are in a profusion, they are large, full and of globular form, the petals being circular and of great substance; color deep crimson-pink on front of petals, cravend deep crimson, and the reverse side, deeper; color that lights up well when held in varied positions of light; very highly perfumed. 20 cents; two-year plants, 40 cents.

MRS. CHARLES CUSTIS-HARRISON—(Alex. Dickson, 1913.) A Rose of great beauty and distinctness. The flowers are produced in wonderful profusion; the blooms are large, full and of globular form, the petals being circular and of great substance; color deep crimson-pink on front of petals, cravend deep crimson, and the reverse side, deeper; color that lights up well when held in varied positions of light; very highly perfumed. 25 cents; two-year plants, 50 cents.

MRS. CHARLES HUNTER—(Wil. Paul, 1912.) A strong, vigorous grower, with rosy-crimson flowers, changing to a pleasing rose as they fully expand. A very bold flower, with large, handsome petals, produced on strong, upright stalks. 25 cents; two-year plants, 50 cents.
MRS. CHARLES ROSSU——(Montgomery, 1912.) This wonderful new American Rose has a most interesting story. No other forcing Rose except "American Beauty" can compete with it when it comes to counting points. Seven-three feet in height, with a head of perfectly formed, rose-pink, blooms on the largest size and build. Keep your eye on this Rose. 25 cents; two-year plants, 50 cents.

MRS. CORNWALLIS WEST——(Alex. Dickson, 1911.) A truly magnificent Rose. Its leave is of huge size and great dignity of substance, with exquisite imbricated globular form. The petals are very smooth, shell-shaped, leathery and unusually large. The color is which is between a shell and a rose-pink—on the purest white, gives it an attraction all its own that it is difficult to convey. Awarded the gold medal, N. R. S. 20 cents; two-year plants, 40 cents.

MRS. DAVID BAILIE——(Hugh Dickson, 1912.) Strong, free branching is a specialty and also for making young stock to which it is exceptionally well adapted. The flowers are beautifully Camellia formed, with petals nicely and evenly reflexed, resembling a wedding garland for marriage, in which form it is most beautiful. Awarded the gold medal, N. R. S. 25 cents; two-year plants, 50 cents.

MRS. EDWARD H. J. HOLLAND——(McGredy, 1910.) The color is a beautiful deep salmon-rose, shaded lighter toward the edge; perfect in form and shape; refined and free from spotted center. The petals are of great substance and beautifully arranged, forming a model flower of exquisite beauty, because of the great freedom of its flow in its blooms throughout the whole season. Will prove one of the finest and most striking Garden Roses yet produced. 20 cents; two-year plants, 40 cents.

MRS. FRANK BRAY——(Alex. Dickson, 1912.) This is claimed to be a great advance on the lovely and justly esteemed "Mme. Reine des Maternes," with many variations of its color in the decorative or garden varieties. "Mrs. Frank Bray" during its several years' trial preceding its introduction, has proven immensely superior in vigor and strength, but also in color, which is a deep, coppery-carmine, developing as the flower opens to a very delicate coppery-sawn, with a shading of ivory shell-pink. 25 cents; two-year plants, 50 cents.

MRS. FRED STRAKER——(Alex. Dickson, 1910.) It would be difficult, if not impossible, to either speak or write in too eulogistic terms of this unique creation. The blooms are produced in most extraordinary profusion throughout the entire season. The color in the young flower is orange-crimson. As the bloom develops it becomes a deeper rose, and in ripe bloom it is a most beautiful shade of orange-pink on back; buds long, and with a perfectly spiral finish. 20 cents; two-year plants, 50 cents.

MRS. GEORGE PRESTON——(Alex. Dickson, 1912.) A most beautiful and thoroughly distinct Rose, flowering in the greatest profusion. The blooms are very large, full and of globular form; color rich, velvety, deliciously scented; petals four to five in number, truly delightful color; sometimes in autumn it is lighted up with delicate orange. Very fragrant. 20 cents; two-year plants, 40 cents.

MRS. GEORGE SHAYWER——(Lowe & Shaywer, 1911.) This variety is a wonder for freedom of growth and bloom. No other forcing Rose can touch it on these two points. It throws up long, strong branches and a bunch of buds; color of blooms dense growth, every shoot tipped with a bud. The color is bright peach-pink and is carried on three and four-foot stems. This Rose was given in 1911 and in the last two years it has been exhibited in practically all the shows, especially in the East and abroad. A fine garden Rose. 25 cents; two-year plants, 50 cents.

MRS. HERBERT HAWKSWORTH——(Alex. Dickson, 1912.) A glorious Rose of generous size and almost globular form. Very rich, vivid and impressive, which are very beautifully arranged, perfecting a flower of the highest standard. The growth is vigorous and marvelously free flowering. This Rose is produced in quantity, as the blooms expand, become silky, creamy-white; delicious tea-rose perfume. 25 cents; two-year plants, 50 cents.

MRS. HERBERT STEVENS——(McGredy, 1916.) In this marvelous variegated rose the most important addition to this class yet raised. The bloom is as long, and even more pointed than any of the "Maenan Cochet" family; faultless in shape of exquisite grace and refinement; color; white with a distinct tinge and peach shading toward the center; a splendid novelty of distinctive tea fragrance; unusual beauty. Awarded the gold medal by the National Rose Society of England in 1910. 20 cents; two-year plants, 40 cents.

MRS. JOSPEH H. WELCH——(McGredy, 1911.) The color of this wonderful Rose is a rich, brilliant rose-pink. So distinct and rich a color has not yet been attained in any Rose. When in bloom, the most perfect Rose of the highest class will be at the top of the class. It is undoubtedly the largest Rose in cultivation, and the most perfect type of Rose the world has yet seen. Its rich, brilliant color and perfect shape and size will command attention in any Rose garden. Awarded the gold medal of National Rose Society. 20 cents; two-year plants, 40 cents.

MRS. MAYNARD SINTON——(McGredy, 1910.) In this grand variety we have the masterpiece of public demand in a Rose. In size, we have the largest; in shape, it is perfect, and, in the most beautiful of all Roses. The color is silvery-white, with Vermeil shading. A truly great novelty. Awarded the gold medal of the National Rose Society. 20 cents; two-year plants, 40 cents.

MRS. MURIR MACKEAN——(McGredy, 1912.) This is a Rose of very deep color, a true blood of the very rarest forms among Hybrid Teas; it stands unique and quite distinct; bright carmine-crimson, without shading. A grand, bold, well-built flower, perfectly shaped and formed, with rich, velvety, rose-colored petal. Everything about this Rose is pleasing and attractive. Fragrant. 20 cents; two-year plants, 50 cents.

MRS. RICHARD DRAPE——(Hugh Dickson, 1911.) A magnificent Rose of robust branching growth. Flowers very large and of the most glorious color; rich chocolate-brown to rose-pink; inside petals; inside the petals silvery-flesh. A glorious Rose for the garden, being always covered with flowers. Awarded the gold medal, N. R. S. 25 cents; two-year plants, 50 cents.

MRS. SAM ROSS——(Hugh Dickson, 1912.) Very large, full flowers. Petals large, smooth, shell-shaped and slightly cupped, beautifully reflexed at the edges. A flower of the largest size and most perfect and unequalled among forcing Roses. At once distinct and pleasing, but difficult to describe. It may be said to shade from pale straw color to light chamois-yellow, with a distinct floral bloom on the reverse, and truly deliciously scented. Awarded the gold medal of the National Rose Society, Regiment Park, London, July 7th, 1911. 25 cents; two-year plants, 75 cents.

MRS. WALTER EASLE——(Alex. Dickson, 1912.) A distinct and charming Rose of imbricated form and robust, vigorous and erect growth. The blooms are large, full and are most fragrant. The color is a rich, velvety carmine, shading to a deep, rich, vermillion; as the flower expands, deepens to intense crimson-orange, the back of the petals, being an intense satiny-crimson, lends additional charm to this lovely and most enchanting variety. Very fragrant. 20 cents; two-year plants, 50 cents.

NATALIE BOTNER——(Botner, 1911.) Color, delicate cream-yellow; a flower of wonderful finish in the way of "Kaiserin," very vigorous, but never has it been improved. At once distinct and pleasing, but difficult to describe. It is said to shade from pale straw color to light chamois-yellow, with a distinct floral bloom on the reverse, and truly deliciously scented. Awarded the gold medal of the National Rose Society. 20 cents; two-year plants, 50 cents.

POLLAERT ROSE——(Culler, 1910.) This is the much heralded improved La France. The claims made for it are that it is a stronger grower, and that the fragrance is more pronounced. We have tried this Rose in the field and we find it identical with La France, except it is a stronger grower and the flowers are sweeter. These two qualities stamp it as a Rose of the first water. 20 cents; two-year plants, 40 cents.

PRESIDENT TAFT——(McCullough, 1908.) This Rose was raised in Cincinnati, Ohio. A large, free and full bloomer; color, deep crimson; petals, large and red; the flowers are well scented. 20 cents; two-year plants, 40 cents.

PRESIDENT VIGNET——(Pernet Ducher, 1911.) Flower large, full and globular; on long stem. Color, deep crimson; petals, large and red; the flowers are well scented. A charming garden Rose. 25 cents; two-year plants, 40 cents.

PRINCE ENGLEBERT CHARLES DE ARENBERG——(Soupert & Noting, 1910.) Erect, vigorous growth; buds and flowers of large size; perfect form; color, rose-pink. The petals are yellowish in color, brilliant fiery scarlet. We think well of this Rose, and it is bound to have a future. 20 cents; two-year plants, 40 cents.

RADIANCE——(Cook, 1909.) A brilliant rose-carmine, displaying beautiful rich and opaline-pink tints in the open flower. The form is fine, largest size and full, with cupped petals. It blooms constantly and is delightfully fragrant. This is a superior Rose. 20 cents; two-year plants, 40 cents.
THE CREAM OF THE NEW ROSES—Concluded.

RECUERDO DE ANTONIO PELUFEFFO—(Soupert & Notting, 1910.) What Soupert & Notting say about this fine Rose: "Madame Melouine Soupert crossed with Madame Constant Soupert. A hybrid, heavy, and grand. A true and splendid type of the best modern roses. Of enormous size, exceedingly large, very double and of irreproachable form; free flowering until late in autumn; opens freely; combines all the desirable characteristics of the best modern roses. It will make smaller, very neat, and hardy Rose with much long buds. A classical Rose and a wonderful Rose in many ways." We indorse every word of the above. Our individual opinion is that this Rose has unquestioningly come to stay. It is in the way of "Madame de Watteville," except that it has pronounced yellow shades and tones. A grand, strong, and big Rose; this it will please you. 25 cents; two-year plants, 50 cents.

RENA ROBBINS—(Hall, 1911.) This is a grand garden Rose. Soupert & Notting declare it a sensation with their testers. A most splendid profusion. Comes a bright yellow, changing to a pure white, with golden-yellow heart. Flowers of grand form and a mass of bright buds. A beautiful flower from spring until frost. 20 cents; two-year plants, 40 cents.

ROBERT HELLER—(Hall, 1911.) This Rose is a deep golden-yellow in color; quite a pure double with shadings. It is the type of Perle des Jardins, but it is deeper in color. Stronger in growth and brings perfect flowers. 20 cents; two-year plants, 40 cents.

ROBERT HUEY—(Alex. Dickson, 1911.) Messrs. Dickson submitted a number of their promising seedlings for trial to Dr. Rich. Huey, one of Philadelphia's most conscientious and best-posted amateurs. Rose from which he selected this variety to name after his son, the description following is by Dr. Huey: "A strong, vigorous grower, giving extra fine stems for cutting; flower large, deep orange-red in petal; flowers large, full and of good substance; buds pointed; the largest and finest Hybrid Teas should have a deep rich, deep soil and good feeding." 20 cents; two-year plants, 40 cents.

ROBIN HOOD—(Hall, 1911.) This new Rose has a glorious scarlet color that is at once soft and bright and lasting; the bloom is full andof the beautiful hue of the H. P.'s. It is a grand grower, heavy caled and profuse in foliage. Flowers very freely produced will prove delightful companion for General McArthur and Rhea Reid. Rood Hunt captured the first prize at the Massachusetts Horticultural Society's Flower Show for best red Rose. 20 cents; two-year plants, 40 cents.

AGRIPPINA—Bright red; very free bloomer.

ALICE GRAHAME—Ivory white, tinted salmon; variable.

ALICE LEMON—Blush white, shading brilliant salmon-pink.

ALLAN FRANCO-RUSSE—Golden-yellow flushed crimson.

ANDRE GAMO—Pure rose-carmine, large, full, glorullan.

ANTOINE BOIRE—Bright crimson, large, full, flowering ground; has great spreading qualities.

ANTOINE VERDIER—Bright glowing pink; very free bloomer.

ARCHDUKE CHARLES—Deep-carmine, reverse silvery-pink.

AUGUSTUS—A nice Rose from Father Deleporte. 10 cents.

BEAUTY OF STAPLEFORD—Bright, rich rose-crimson.

BERTHE GAULIS—Salmon-pink changing to china-pink. Bennett street—Crimson white flowers of immense size.

BETTY—Coppery rose; flushed golden-yellow; glorious form.

BLUMENSCHMIDT—Rich lemon-yellow; often tinged pink.

BON SILENE—Crimson, rose, with sheen of silver.

BOUGER—Bronzed pink, tinged with lilac; large and full.

BRIDESMAID—A grand pink Rose for all purposes.

BURBANK—Beautiful dark rose; a mass of blossoms in bloom.

CARDINAL—Rich cardinal-red; full and very free.

CAROLINE KUSTER—Light lemon-yellow flowers; superb.

CATHERINE MERMET—Color a clear rose-pink; large and fine.

CEILA—Bright satiny Carnation-pink; beautiful.

CHAMPION OF THE WORLD—Rich, deep rose-pink; extra fine.

CHERRY RIEPE—A deep, rich cherry-red; A No. 1.

CHRISTINE BLUMENSCHMIDT—Coppery red, large and well formed.

CLAIRA WATSON—Salmon-pink; a grand variety.

COMTESSE DE BARRANTINI—A most beautiful silvery-pink.

COQUELLE DE BOURGES—A brilliant rose; large and strong.

COQUETTE DE LYON (Yellow Hermosa)—Pure light yellow.

CORNELIA KOOK—The old favorite white Rose; none better.

CORINNE OF DERBY—Center salmon, shading to delicate pink.

COUNTESS OF COMPTON—Copper salmon-pink; large size.

CROWN PRINCESS CECILE—Delicate silvery-pink; elegant.

DARK PINK KILLARNEY—Deeher than Killarney; almost white.

DEAN HOLE—Light Carmine, shaded salmon; extra fine.

DEVONIENSIS—Magnolia fragrance; a delicate creamy-white.

SOUVENIR DE GUSTAVE PRAT—(Pernet Dorucher, 1911.) Color, clear sulphur-yellow, without any other coloring; very charming in bud; bud long and oval, opening into a very large flower that is fully formed. A fine garden Rose. 20 cents; two-year plants, 40 cents.

SUNBURST—(Pernet Dorucher, 1912.) This magnificent giant yellow Rose is a true hybrid, having heads and shoulders above all others of its color and will rank with the best. Beau Killarneys, the Killarneys in value and grandeur. It has long, pointed buds; which case clearly indicates. The color is orange-copper or golden-orange and golden-yellow, the petals lighter; all intense shades, extremely brilliant in effect. Some call the color Cabbage Rose, but no one more is different than to say this Rose. It puts all the yellows to sleep when it comes to bedding in the garden. The golden-yellow color stays right with the longest parts of the summer. Better get acquainted with "Sunburst." 30 cents; two-year plants, 60 cents.

WHITE KILLARNEY—(Wallan Rose Company, 1912.) A sport from Killarney. Grand in every way. The white forcing Rose of the century; for forcing for every particular. Words cannot describe its imposing grandeur. It is the greatest forcing Rose of any color or class. Branches of it during the winter grosses pink of snow. It is pure white in color, in bud, long in form; in fact, it is the one Rose par excellence. Planted in the garden it comes with a touch of pink tinged, to the greatest beauty. A great acquisition and a really wonderful Rose. 20 cents; two-year plants, 40 cents.

WHEELESTOUT—(Hale & Son, 1911.) This is identical with Madame Caroline Testout, except that the color is pure white. A grand novelty. 20 cents; two-year plants, 40 cents.

The "EXCELSIOR" LIST of NEW AND CHOICE Ever-Blooming Roses For Out-Door Planting or House Culture.

Price, 10c each, 3 for 25c; any 6 of your own selection for 50c; any 13 for $1.00. If you leave the selection of the varieties to us, we will send 7 for 50c, or 16 for $1.00. Large two-year-old Roses from this list, 30c each, or 4 for $1.00.

For general planting, more especially in open ground, this class blooms the first and each succeeding year from early spring until severe frosts. Two-year-old plants of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for in open ground with protection of litter, leaves, evergreen bouquets, and the like, to which they are admirably adapted. Anyone can become familiar with these by a few experiments for the thrifty old gardener. Dr. Grill—Coppery Nasturtium-yellow, tinged with red.

DR. J. CAMPBELL HALL—Silvery coral-rose, suffused white.

DOROTHY PAGE ROBERTS—Coppery-pink, suffused apricot-colored.

DUCHESSE DE BRABANT—Bright salmon-pink; an old favorite.

DUCHESS OF ALBANY (Red La France)—A superb Rose. EDU. MEYER—Coppery-red and yellow; superb.

EMPERESS EUGENIE—Deep, rich pink; very double; hardy.

ETOILE DE FRANCE—Deep violet-crimson; very rich.

ETOILE DE MARIANNE—A full Carmine Rose, with scarlet tints.

FLORENCIA BERNETTO—Creme-white, flushed and shaded peach.

FR. LILIA RAUTENSTRAUCH—Creme-yellow and peaching.

FREIHERR VON MARSCHALL—A grand, large, bright carmine-rose.

GEORGE McARTHUR—A superb, deep, rich red Rose; new.

GENERAL ROBT. E. LEE—Orange-yellow; shaded white; free.

GENERAL TARTAS—Color rich, deep rose; very fine.

GLADYS HARKNESS—Deep salmon-pink; fragrant.

(For Description See Page 10)
TENDER CLIMBING ROSES

Newer Varieties and Some that are Scarce

These Roses are suitable for planting in the Southern States and on the Pacific Coast. All have beautiful flowers.

ALINE SCHNEIDER—A fine climber. Canary-yellow with deep golden-yellow center. Its clear golden color gives it a place that is quite its own. Bloom large and doubles, sweetly scented, 15 cents; two-year plants, 40 cents.

CLIMBING GRUSS AN TEPLITZ—An exact counterpart of the bush form of that superb Rose Gruss an Teplitz except that it is a vigorous climber. A perfect sheet of dashing crimson with its blossoms in every class in every way. 15 cents; two-year plants, 40 cents.

CLIMBING HELEN GOULD—Probably no red Rose has held its place secure in the hearts of Rose lovers for so long a period as has the beautiful Helen Gould. We have now the pleasure of introducing Helen Gould in climbing form. Everybody is familiar with the warm watermelon-red color of its charming flowers. This is a grand climber. Be sure and try it. 20 cents; two-year plants, 50 cents.

CLIMBING LIBERTY—(W. Paul & Son, 1909.) (C. H. T.) A climbing form of Liberty. Color brilliant velvety crimson; flowers of good size; beautifully formed; a splendid rose for any purpose, the blooms lasting well cut; very free flowering. When you see this dashing rich Rose you will never forget it. 20 cents; two-year plants, 50 cents.

CLIMBING MADAME WELCHE—A new climbing Tea Rose one of the prettiest whites in the world. The color is soft amber-yellow flushed with carmine; a glorious Rose. 15 cents; two-year plants, 40 cents.

CLIMBING RICHMOND—in all respects except growth identical with the normal type, from which it originated. The growth is most vigorous and of true climbing character. On account of its unique color and free flowering habit, it is an important addition to the climbing Rose section. Color pure rich scarlet. 20 cents; two-year plants, 50 cents.

CLIMBING WHITE MAMAN COCHET—If there is one Rose that stands out in the affections of the people more than another it is the White Maman Cochet. We have planted more than two thousand more plants of White Maman Cochet than any other variety. Here we have a climbing form that will become as popular a climber as it has been a standard rose. Color white, large white flowers, tinged pink. 20 cents; two-year plants, 50 cents.

GAINSBOURGH—We are proud of the fact that we introduced this Rose. Its delicate coloring is difficult to describe, being delicately tinged fawn, almost white and lustrous as satin. When in full bloom it resembles a large, fine, white fluffy Peony, but without a suggestion of thePeony, often adding to this grace to nine inches in diameter. An enthusiastic admirer from the state of Oregon describes it as a Rose reminding him of a beauty with a veil and wearing a large hat, or trimmed with white ostrich plumes, hence the suggestion of its name. Be sure and try this grand Rose. 20 cents; two-year plants, 50 cents.

GLOIRE DE DIJON—Color buff, with orange center; very large and very double and full; the first to flower, and keeps on until the very last; the hardest of any of the Tea Roses, and deliciously tea-scented. Good in any situation. Often used as a bush or pillar Rose. 20 cents; two-year plants, 50 cents.

MAMIE—A Rose that has been out for some time, but in the schools became known only very recently. It is a splendid grower with flowers of the largest and most perfect shape and form. The color is exquisite, being a delicate fawn with heart of pink. One of the most beautiful of light-colored Roses. Don't forget this Rose. It will make a place for itself among the leaders. Since the above was written a couple of years ago, the demand for this Rose has exceeded our facilities for producing it. It is simply in a class by itself. 20 cents; two-year plants, 50 cents.

MARECHAL NIEL—This is the old standby yellow Rose in the South where it is hardy in any situation. It will bloom in any part of the world, but is not hardy in the North. Immense deep golden-yellow flowers with the deepest, richest, tea fragrance of all Roses. 15 cents each; strong, one-year-old, $1.00; two-year old, $1.50; three years old, $2.00.

PIERRE DE GOLDS—These climbers are double to the center, of the largest size, and come in immense bouquets of from five to ten blooms on a single branch, and the effect throughout the blooming season is simply marvelous. Color pure golden-yellow, with brown suffused with golden-yellow, is a happy combination. 20 cents; two-year plants, 50 cents.

REINE MARIE HENRIETTE—A Rose that has all the good qualities of Reine Marie Henriette. With this added qualification it is the most beautifully striped. The color is deep rose-red, the stripes vivid carminé, distinct and fine. 25 cents; two-year plants, 50 cents.

TENDER CLIMBING ROSES

STANDARD VARIETIES

INCLUDING THE NOISETTES, CLIMBING TEAS AND CLIMBING HYBRID TEAS

Price, 10 cents each; three for 25 cents; any Six for 50 cents.

BARDOU JOB—Bright glowing crimson, shaded velvet black; almost single with very large petals; free bloomer. A Rose when once seen never to be forgotten.

CELINE FORESTIER—Salutary-yellow with deeper center; abundant bloomer; very pretty. 

CLIMBING BELLE SIEBRECHT—An exact counterpart of Belle Siebrecht except its climbing habit; clear imperial or shell-pink. Gold medal N. R. S.

CLIMBING BRIDESMAID—Like Bridesmaid, but with climbing habit; clear pink; very pretty.

CLIMBING CLOTHILDE SOUPERT—Identical with Clothilde Soupert except that it is a vigorous climber.

CLIMBING DEVONIENSIS—Creamy-white, blush center; full, fine form; distinct and good; fragrant.

CLIMBING KAISERIN AUGUSTA VICTORIA—Also known as Mrs. Robt. Peary. A strong climbing form of the beautiful variety of same name now so well known. Pure white.

CLIMBING KILLARNEY—An exact counterpart of Killarney in every way; except that it is of vigorous climbing habit; deep shell-pink. This will prove a great Rose wherever a climber is needed.

CLIMBING MADAME CAROLINE TESTOUT—A rampant climber. In flower identical with Mme. C. Testout. Beautiful glowing pink. You can’t beat it.

CLIMBING MAXIME LAEMOSELLE CECILE BRUNER—Rosy-pink on a rich creamy-white ground. This is the strongest growing Rose of our entire list, barring none. We believe it in a class by itself. 50 cents; one-year plants, 25 cents.

CLIMBING MARIE GUILLOT—This Rose is also known as President Cleveland and Frances E. Willard. A grand pure white Rose of the largest size.

CLIMBING METER—A grand climber; color velvety maroon; very free bloomer.

CLIMBING PAPA GONTIER—A climbing sport of Papa Gontier, retaining its free flowering character. Color rich red; a beauty.

GAINSBOURGH—Large two-year-old plants, 35 cents each; three for $1.00.

CLIMBING PAUL NEVRON—Bright satiny-rose changing to Carnation-pink; fine bud and large, full flower.

CLIMBING PERLE DES JARDINS—A strong growing form of Poete des jardins; color deep golden-yellow.

CLIMBING SOUVENIR DE LA MALMAISON—Clear fresh, edged with blush; large, very double, deliciously scented. A rampant climber, bearing deep crimson flowers of the largest size.

CLOTH OF GOLD, or CHROMATELLA—Salutary-yellow, double center; large, very free.

DUCHESS DE AUERSTADT—This is a very fine Rose with large, full, perfectly double flowers; color, vivid carmíné-striped; a fine climbing Tea Rose, and one that is very popular on the Pacific Coast.

ELIE BEAUVILLAIN—A beautiful salmon-lawn; on the order of Glore de Dijon. It has so many points of great excellence that we have reserved it, and we predict that before many moons have rolled around it will be planted largely. It is a strong grower with buds and flowers of the largest and most perfect shape and form. The color is exquisite, being a delicate fawn with heart of pink. One of the most beautiful of light-colored Roses. Don’t forget this Rose. It will make a place for itself among the leaders. Since the above was written a couple of years ago, the demand for this Rose has exceeded our facilities for producing it. It is simply in a class by itself. 20 cents; two-year plants, 50 cents.

JAMES SPRUNT—Deep cherry-red; very double and hardy. Large, very scented; an excellent variety.

LAMARQUE—White shaded lemon; large, very sweet-scented; an excellent variety.

MADELEINE JULES GRAVEREAUX—Deep yellow, center rosy-peach; large, full and very fine.

REINE MARIE HENRIETTE—Deep cherry-red. This Rose takes the lead as a climber from New Orleans to Philadelphia. Extra fine.

REMY D’OR, or GOLDEN CHAIN—Buff-yellow, very free bloomer; very pretty. Strong grower; will do well in any situation.

RUTH VESTAL, or CLIMBING BRIDE—A lovely pure white climbing form of the Bride. We predict a great future for this Rose.

SOLFATARE—Fine, clear sulphur-yellow; very fine, large double bud with full, neatly formed flowers. Extra fine.

WILLIAM ALLEN RICHARDSON—Very deep orange-yellow; medium size, but extremely showy and distinct; very attractive.

ZELIA PRADEL—Lemon-yellow changing to creamy-white; very fine.
Newer Varieites Polyantha Or BABY RAMBLER ROSES

as edgings for borders they are hardy. Let us tell you something about these miniature Roses. While Europe has appreciated these Roses for years, America is just beginning to wake up to the fact that they have come to stay, and anyone who attempts to handle Roses without including this class will bump into something quite novel. They are useful, either pot grown or for bedding purposes or for hedge effects. They completely hide the plant with bloom from early till late. They are hardy.

ATROPURPUREA—This variety completely hides the plant with its deep purplish-red flowers in immense clusters. We believe this fine variety will supersede Baby Rambler or Madame Norbert Levavasseur. We think it a better bloomer, and the color is a decided improvement over that variety. 20 cents; two-year plants, 50 cents.

BABY TAUSENDSCHOEN—This Rose was formerly named "Louise Welter." Its flowers are large and so much like Tausendschoen, that it has been rechristened Baby Tausend- schoen. It is a two-year plant of the "Climbing Tausendschoen" or "Thousand Beauties," having all the charm in the variable coloring in its flowers that its parent has, being firm white, delicately flushed pink, changing to deep rosy-carmine. This is a splendid Rose. Try it. 25 cents; two-year plants, 5 cents.

ERNA TESCHENDORFF—A sport from "Madame Norbert Levavasseur," which it resembles with regard to growth and foliage, etc. The flowers are of a deep crimson color, flushed with carmine, resembling the dazzling color of "Gruss an Teplitz." This variety does not live in color, the hottest sun and has no purple shades. It has received many awards on the continent, and is said to be the darkest Polyantha in existence. It is much sought after in America to bloom in pots during the winter and for Easter time. 25 cents; two-year plants, 50 cents.

JESSIE—This new Baby Rambler is an ideal Rose for massing, bedding or for pot culture. The flowers, which are produced in huge clusters, are of a bright cherry-crimson color which does not fade. Superb. The best of all the Baby Ramblers for pot culture. 15 cents; two-year plants, 40 cents.

MRS. TAFT—This is the improved Baby Rambler; clear red in color, not fading like Baby Rambler. Certificate of merit of the London Horticultural Society. 15 cents; two-year plants, 40 cents.

ORLEANS ROSE—The showiest and prettiest of all the Baby Ramblers. This charming and dainty Rose is of beautiful rounded habit and is a huge bouquet of deep cerise or Geranium-pink with a center of pure white; florets not crowded but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. The color is irresistible. The plant grows like a weed and the flowers are nearly "immortal" in their lasting qualities. We believe that they will outlast almost any other Rose in existence with their stiff paper-like texture. This pretty Rose has taken Europe by storm and will give a sensation as soon as known in this country. Awarded gold medal. 20 cents; two-year plants, 50 cents.

BABY RAMBLER ROSE, ORLEANS. A perfect sheet of bloom all summer long.

Standard Varieties Including the Hybrid Polyantas. They are Hardy

Polyantha or Baby Rambler Roses

Price, 10 cents each, Six for 50 cents; Two-Year Plants, 35 cents.

ANNA MULLER—This Rose is very much the same as the Crimson Baby Rambler, except in the color of its flowers, which are a shiny, brilliant pink produced in the greatest profusion in large clusters. It is a splendid companion to the other excellent introduction of this season. This is the original pink Baby Rambler.

BABY RAMBLER, or MADAME N. LEVAVASSEUR—This is the original Baby Rambler, daddy of them all. It is in bloom all the time, flowers in large clusters of bright crimson. It grows to a height of eighteen inches and hides the plant with its bloom. A most wonderful Rose.

CATHERINE ZEimet, or WHITE BABY RAMBLER—This is surely a beauty and a great addition to the Baby Ramblers. Grows to a height of twenty inches and produces double pure white flowers in abundance. It has a fragrance similar to Hyacinth, of free, compact growth and very attractive. It produces a sheet of white bloom that is certainly a sight worth seeing.

CLAUDETTE SOUPERT—Known the world over as one of the very best of all bedding Roses. The only rival of "Hermosa" as a bedder and market pot plant. The color effect is beautiful ivory-white, shading towards the center to brilliant silver-pink. Everybody's Rose.

MADEMOISELLE CECILE BRUNNER—In the past year or two this Rose has fairly jumped into popularity. It always was a popular outdoor Rose on the Pacific Coast, but recently even in the East and everywhere in America they are planting it simply by the thousands for cut flowers. It has become quite the rage. It makes a handsome miniature Rose coming on stems simply. The bud and flower are both handsome. Color blushed, shaded light salmon-pink; distinct and desirable.

MARIe PAVIE—Of good size; very full and double; borne in large clusters; white flushed with carmine; delicately perfumed; a great bloomer.

MOSELLA—Bears large flowers for this class; center of flower chrome-yellow; edges of petals shading out to creamy-white, a fine bedding Rose.

MRS. WILLIAM H. CUTBUSH—One of the very finest types of the Baby Rambler Roses. It produces in constant profusion throughout the entire spring and summer and is a splendid pink blooms in large clusters; also extra fine for pot culture.

PAQUERETTE—This is one among the very first Baby Rambler Roses sent out. The flowers are very double and pure white. This Rose has many fans.

PERLE d’OR—Naples-yellow with orange center; very novel and beautiful. This Rose is dividing honors with "Mlle Cecile Brunner" as a cut flower, being planted very largely for this purpose. A charming miniature Rose.

PRIMULA—Considered by many to be the most popular of the Baby Rambler Roses. Grows to a height of two feet. Very hardy. Always in bloom. The color is the shade of the Lawson Carnation—beautiful carmine-pink. For ourselves, we are very fond of the Rose.

SCHNEEWITZEN, SNOW WITCH—An ideal sort for garden culture, having a round, compact habit, with very full masses of evenly disposed flowers, which are perfect in form and semi-double. Color glistening ivory-white, with golden stamens; extra.
AMERICAN PILLAR—A single flowering variety of great beauty, which appeals to every one. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink, with a clear white eye and cluster of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten. They last in perfection a long time, and are followed by brilliant red hips or berries, which are carried late into the winter; and as the plant frequently retains its lovely green foliage until the end of November, it forms a beautiful decorative subject throughout the autumn months. 20 cents; two-year plants, 50 cents.

CLIMBING AMERICAN BEAUTY—A seedling from American Beauty with Wichuriana and Tea blood in its veins. The introducer says of it: "Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage, and better blooming qualities. One plant of this new Rose will produce twenty times as many flowers in June as the old American Beauty, besides blooming occasionally during the summer. Bloom three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection." This Rose has already made its mark, and wherever it has been planted it has pleased until today we sell it by the tens of thousands. You lose if you are slow to take hold of "Climbing American Beauty." It grows and blooms. 25 cents; two-year plants, 60 cents.

CLIMBING BABY RAMBLER, or MISS G. MESSMAN—This is a true ever-blooming Climbing Rambler, for at this writing (August 1st) it is in full bloom in the garden with enormous heads of rich crimson. There has been a widespread demand for a Climbing Rambler that would bloom more than once. Here you have it. Everyone knows how Baby Ramblers is always in bloom. This is simply a climbing form of the Baby Rambler, embracing all its good qualities. 20 cents; two-year plants, 50 cents.

CLIMBING FRAU KARL DRUSCHKI—As "Frau Karl Druschki" or White Avellaneous Beauty has been the leading white Rose this will undoubtedly follow and become the most popular climbing white Rose. It is entirely hardy and is an exact counterpart of Frau Karl Druschki in every way except that it is a most vigorous climber. Pure paper-white flowers. Superb in every way. 20 cents; two-year plants, 50 cents.

CLIMBING MRS. W.M. H. CUTBUSH—One of the finest types of the Climbing Baby Roses; of dwarf growth, producing in constant profusion flowers of a pleasing bright pink; borne in huge trusses; fine. 15 cents; two-year plants, 40 cents.

GRAF ZEPPELIN—A brilliant rose-colored flower that attracts from a great distance. Graf Zepplin has been the leader in this line of flowers. In immense trusses; unusually floriferous. This Rose is unsurpassed as a climber. 15 cents; two-year plants, 40 cents.

DR. W. VAN FLEET—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and spread out like a spray of clover. This Rose is quite hardy and is of a salmon color. The flowers are of a shade of flesh pink on the outer surface, deepening to rose-flesh in the center. The flowers are full and double, of delicate perfume; buds pink, opening to carmine. "Die Fleur de Promenade," de F. Carnot in color. Superb. 20 cents; two-year plants, 50 cents.

HIAWATHA—This Rose is just coming into its own, being largely forced in pots for Easter time and its good qualities as a grand outdoor climber. This is the other Rose so brilliant as Hiawatha. It must be seen to be appreciated. Its flowers are about one and one-half inches across, and produced in pendulous sprays, with frequently from forty to fifty flowers on a spray. In color it is brilliant, ruby-carmine, with a clear white eye and mass of golden stamens—a glorious combination of color and form at a great distance, and which does not tire the eye as do masses of Climbing Rambler. The plant is of strong, vigorous growth, with bright green foliage is retained until late in fall. 20 cents; two-year plants, 50 cents.

RED DOROTHY PERKINS, or EXCELSA—It is a good deal to claim for a Rose, but we are within bounds when we describe Exceala as a brilliant Climbing Rambler on gossamer Wichuriana foliage. The defects of Climbing Rambler are its unsightly foliage in unseasonable weather, and its defoliation by insects; the placing of Wichuriana blood adds an ornamental climber which is nearly evergreen, and this will assure this lovely crimson-scarlet pillar Rose a place in every American garden. Climbing Pillars are a point of departure in a number of other fine points. The flowers are very double, produced in large trusses of thirty to forty, and almost every eye on a shoot produces clusters of crimson-scarlet flowers. The color of the petals is maroon, the tips of the petals tinged with scarlet. The finest of all Climbing Ramblers. 20 cents; two-year plants, 50 cents.

SHOWER OF GOLD—This variety produces masses of flowers in large clusters. The flowers are deep gold in color with heavy shadings in the center. Enormous lateral branches are produced, which are, densely clad with glossy green foliage that resists disease. The flowers are large and are borne on a long stem, with a strong, vigorous growth. 20 cents; two-year plants, 50 cents.

TAUSENDSCHOEN, or THOUSAND BEAUTIES—A Climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose, might be described as a white delicately flushed pink changing to rose-carmine. It produces masses of flowers and the variation in coloring; beautiful, will become the talk of the town. 20 cents; two-year plants, 50 cents.

VEILCHENBLAU, THE BLUE ROSE—The most wonderful Rose of the century! Yes! we say, for it marks a decided advance in the color of the Rose hitherto only dreamed of. Veilchenblau or Violett Blue is the proper name, but no doubt it will be known in America as the Blue Rose. This Rose is going to have a larger sale by far than Climbing Rambler. Have we seen it flower? Well, we guess yes, and our word for it if you want something to cause you to stop and take notice, the Blue Rose will fill the bill. At a distance of fifty or a hundred feet a bush of the Blue Rose is in its full bloom will startle you. A seedling from Climbing Rambler, semi-double flowers larger than that variety, produced in large trusses. This Rose first opens reddish-blue but quickly changes to amethyst and steel-blue, changing violet-blue. Very distinct and extremely pleasing. A wonder. Go and see it. Everyone will want and will demand the Blue Rose. 20 cents; two-year plant, 50 cents.

WARTBURG—This is a strong growing Rose, a seedling from Tausendschoen, with charming crimson-scarlet flowers in large trusses. 20 cents; two-year plants, 50 cents.

WHITE DOROTHY PERKINS—(B. R. Cant, 1908.)—It was bred for men for years a white climber that would rank up with Climbing Rambler, and now we have the pleasure of offering this White Dorothy Perkins that in every way is the equal, if not superior, to Climbing Rambler as a red, and Dorothy Perkins as a pink. This Rose has no equal as a white climber. 20 cents; two-year plants, 50 cents.

TAUSENDSCHOEN, OR THOUSAND BEAUTIES.
Hybrid Perpetual Roses

Newer and Scarce Varieties

The first Hybrid Perpetuals were grown from crosses between Hybrid China and Tea Scented Roses with Gallica and Bourbon Roses. This is a beautiful class and cannot be too highly recommended, including, as it does, many of the hardest early and late flowering kinds, and nearly all of the superb rich crimson red and pink varieties which make such pleasing contrasts to the yellow and white Teas. These are hardy.

AMERICAN BEAUTY—Not a new Rose, but a great favorite with everybody. It is the largest of all red Roses. Always scarce. We have a fine stock. 25 cents; two-year plants, 60 cents.

BARBAROSSA (The Red Frau Karl Druschki). A noteworthy new Hybrid Perpetual that has jumped into favor in a very short time. It is very large and full; color a brilliant tone of pure carmine-red; very free bloomer, and deliciously fragrant. 20 cents; two-year plants, 50 cents.

CAPTAIN HAYWARD—This Rose ranks up at the top of the list. Mr. Crowell, the noted rosarian, claims for this the very best of all red Hybrids. Color deep glowing crimson, very bright and rich, of the largest size. We know of no red hybrid that in any way compares with it. 20 cents; two-year plants, 50 cents.

HYBRID PERPETUAL ROSES—Continued

MISS ELLA V. BAINES, THE WOMAN FLORIST, SPRINGFIELD, OHIO.

HIS MAJESTY—The crimson Frau Karl Druschki. Another hybrid raised by Frau Karl Druschki. Dark deep crimson, shaded deep vermilion-crimson towards the base. The blooms are full, of great size, having wonderful substance and double petals, with his many petals. It also is one of the sweetest perfumed Roses in cultivation. Awarded gold medal, N. R. S., 1908. A grand all around Red Hybrid. 25 cents; two-year plants, 60 cents.

JOSEPH HENSSLO—Growth vigorous and erect, with handsome foliage. Flowers large, full and of perfect form. Color, a delightful orange-crimson; of great brilliancy; petals broad, round and of great substance; very strongly scented. A fine Rose. 25 cents; two-year plants, 60 cents.

MRS. STEWART CLARK—Color varying from bright cerise-pink to brilliant rose or cherry-pink, with distinct zone of white at the base of each petal, making a very beautiful and nicely arranged. The color is quite unique amongst Hybrid Teas, being rich blackish-crimson, with deep velvety violet flush, a striking and brilliant color, not burning or turning blue, as so many of our very dark Roses do. It is very beautiful flowering and perpetual, and delightful in a warm sun. The perfume is strong and very pleasing. This one of the finest novelties which we have ever sent out and has elected universal admiration wherever shown. Awarded the gold medal of the Festival of Empire, Crystal Palace, London, June 29th, 1911. 50 cents; two-year plants, $1.00.

PINK FRAU KARL DRUSCHKI or PINK GEORGE ARENDTS—(Hinner, 1910.) This is the wonderful "Pink Druschki." Do not confound it with the much inferior sort "Heinrich Munch," which is being offered in some quarters as "Pink Druschki." This Rose we predict will be one of the large following and widely planted in a very few years as the now famous "White Druschki." We have looked it over in the field and grown it in our own market, and we absolutely cannot detect a single fault in it or about it. The growth and make-up of the plants is superb, while the delicate pink color is unapproachable. This strain, Mr. Hinner, we predict, will hold the market for all time. You know what some of you missed by delaying so long in getting acquainted with "Frau Karl Druschki." Do not repeat this mistake with "George Arendts." 50 cents; two-year plants, $1.00.

SACHENGRUSS—Delicate tender flesh, center deepening to a delicate carminated and reflex of chamois. 25 cents; two-year plants, 50 cents.

HYBRID PERPETUAL ROSES

All are hardy. Price, 15 cents; any four for 50 cents; any Nine for $1.00. Two-year old plants, 40 cents; three for $1.00; any six for $1.75.

ALFRED COLOM—Bright red, very large, full and globular; leaves large, dark green; excellent. 50 cents; two-year plants, 60 cents.

ANNE DE DIEBACH—The famous "Glory of Paris." Bright deep clear pink, of largest size; fine bud and open flower. 35 cents; two-year plants, 40 cents.

AVOCA—Brilliant velvety crimson; buds very long. 25 cents; two-year plants, 30 cents.

BARON DE BONSTETTEN—Velvety blackish-crimson; large and full.

BLACK PRINCE—Deep blackish-crimson; large, full and globular; very free flowering. 25 cents; two-year plants, 30 cents.

BLUEBONNET—that for Ball of Snow—Pure white, flushed rose; very floriferous.

CAPTAIN CHRISTY—Delicate peach-blow-pink, center richer in color large and full. Abroad this Rose is classed with the Hybrid Teas. 25 cents; two-year plants, 30 cents.

CHARLES LEFEBRE—Fine brilliant velvety crimson; very large and full; double and of superb quality. This is known as one of the best Roses in existence. 50 cents; two-year plants, 60 cents.

COQUETTE DES ALPES—Pure white, delicately tinted blush pink; center red; very free flowering. 25 cents; two-year plants, 30 cents.

DUC DE ROHAN—A clear dazzling red; very brilliant and beautiful. 25 cents; two-year plants, 30 cents.

DUKE OF EDINBURGH—Very bright vermilion; extra large and full; a distinct and splendid variety. Should be in everyone's garden. 50 cents; two-year plants, 60 cents.

EARL OF DUFFERIN—Rich velvety crimson shaded with dark maroon. Very large, full and fine form. 25 cents; two-year plants, 30 cents.

EUGENE FURST—Deep red shading to crimson; profuse bloomer. 25 cents; two-year plants, 30 cents.

FISHER HOLMES—Crimson-scarlet shaded deeper; large, full and perfect form; very beautiful and free. 25 cents; two-year plants, 30 cents.

FRAUEN LEY—Deep rose, of large size, very free bloomer; extra fine. 25 cents; two-year plants, 30 cents.

GENERAL JACQUEMINOT—Crimson-scarlet; large; full; very free flowering. 50 cents; two-year plants, 60 cents.

GROSE L'EXPOSITION DE BRUXELLES—Large, full, dark crimson; the deepest of the Hybrid Perpetuals. 50 cents; two-year plants, 60 cents.

GROSE DE MARGOTTIN—Very dazzling red; extremely showy. 50 cents; two-year plants, 60 cents.

GROSE LYONNAISE—Very large, full flowers. Color white, base of petals canary; Tea Rose perfume. An excellent Rose. 25 cents; two-year plants, 30 cents.

GUSTAVE PIGANEAU—Carmine-lake; very large. A grand garden Rose. 50 cents; two-year plants, 60 cents.

HUGH DICKSON—A vigorous free grower and perpetual bloomer with fine foliage, color brilliant crimson shaded large and fine form, opening well in all weathers. Very sweetly scented. 25 cents; two-year plants, 30 cents.

J. D. PARK—Deep scarlet shaded blackish-crimson. A most unique Rose. 25 cents; two-year plants, 30 cents.

JOHN HOPPER—Bright rose, reverse of petals pale lilac; very free flowering; double form. 50 cents; two-year plants, 60 cents.

JUBILEE—A pure crimson with shadings of maroon; a grand Rose from every point of view. 50 cents; two-year plants, 60 cents.

LOCHTAN HOUT—Crimson shaded maroon, most vivid and distinct; large, full and fine form. 50 cents; two-year plants, 60 cents.

MADAME CHARLES WOOD—Bright cherry-red; extremely showy. 25 cents; two-year plants, 30 cents.

MADAME MASSO—This is a glorious Rose. The flower is of the largest size. Color bright crimson; red; free bloomer. 25 cents; two-year plants, 30 cents.

MADAME PLANTIER—Extremely hardy; vigorous grower; completely hides itself in June with its lovely pure white sweet-scented flowers; fine. This is strictly speaking not a Hybrid Perpetual, but we place it with the Hybrid Perpetuals for convenience sake.
HYBRID PERPETUAL ROSES, Standard Varieties—Continued

MAGNA CHARTA—Bright rose, very large and double, of good form and fragrant; extra.

MAGNIFICA—Produces flowers of an exceedingly rich rose color, shaded in center with vivid carnmine; extra fine.

MARGARET DICKSON—White with delicate flesh center; large of good substance; fine form. Awarded gold medal. N.R.S.

MARIE BAUMANN—Soft carnine-red; very large, full, perfect bloom.

MARRSHALL P. WILDER—A great many persons will not give up to the contention that this is the ne plus ultra in red Roses. It is truly a hummer and hard to beat. Deep, rich glowing red.

MRS. JOHN LAING—A splendid Rose, perfectly hardy, with impetuous buds and done in great profusion. Color clear bright shining pink; exquisitely shaded. Awarded gold medal. N. R. S. Cannot be too highly recommended.

RUGOSA ROSES

The Rugosa Roses are natives of Japan, and are nearly all allied botanically to the microphylla Roses. They form sturdy, disease-resistant bushes almost as hardy as the coldest climate.

NEW CENTURY—A grand Rose that is entirely hardy, bearing beautiful double flowers. This Rose is in bloom all the time. Extra fine for nurserymen.

SIR THOMAS LIPTON—The best pure white Rugosa Rose. Strong bushes of flowers. This flower is double, pure snow-white. Fragrant, borne on long stems. Continuously throughout the season. Absolutely everywhere. Splendid for hedging, cemetery and park work.

MOSS ROSES

These are probably a sport of the Cabbage Rose. The origin of the double Moss Rose is left to conjecture. They have always been favorites, for what can be more elegant than the bud of the Moss Rose and more delicious than its fragrance. Perfectly hardy. 25 cents; two-year plants, 50 cents; the four for $1.50.

ELIZABETH ROWE—This is an old favorite with its large clusters of double, rose-pink flowers. Awarded gold medal. N. R. S. 50 cents; two-year plants, 75 cents; the four for $1.50.

HENRI MARTIN—Large full flower of deep red; well milled; fragrant.

MOSS LINE—Pure white flower, buds heavily and beautifully milled.

PRINCESS ADELAIDE—Deep blush-pink with buds that are thoroughly milled.

MISCELLANEOUS ROSES

10 cents; two-year-old plants, 40 cents except where noted.

AMOENA (The Pink Flowering Cherokee Rose)—This wonderfully beautiful Laveigata or Cherokee Rose was raised in Canada, and is a most picturesque rose with fine buds and flowers. Has a most excellent habit. The flowers are the same as the white flowering Cherokee Rose, except that the color is a glowing pink with gold and crimson blotches. Heavy mossed; hardy.

DOUBLE LAEVIGATA (or the Double Flowering Cherokee)—A beautiful hardy Rose, bearing double white flowers; very fine. The foliage of this Rose is very distinct.

FORTUNE'S DOUBLE YELLOW—Beauty of Glaznower—Bright yellow with crimson; very fragrant. Awarded gold medal. N. R. S. $3.00.

LAEVIGATA (The Single White Cherokee Rose)—This is the famous Cherokee Rose so well known in California. Large pure white flowers with center filled with golden-yellow anthers.

MICROPHYLLA ALBA—A most vigorous grower; very hardy; bears semi-double flowers of a creamy-white. This is the Rose Keystone you hear so much about.

MAGNOLIA ROSE—This is the original Cherokee Rose. The same shining evergreen foliage but with rose-red flowers. Very much in the way of "Mrs. R. C. Cant" as to color. We now have the white, pink and Red Cherokee, all extremely desirable. Once seen never forgotten. 20 cents; two-year plants, 50 cents.

WHITE BANKSIA, or Lady Banks—A vigorous grower, in California growing to the top of tall trees and completely enveloping the entire tree; small double pure white flowers in clusters, with the true Violet fragrance. Indeed, if one was bothered, he could find no such number of blossoms in one cluster. Large, fragrant; hardy. 15 cents; two-year plants, 50 cents.

WICHMOSSE or "BABY MOSS"—This is a wonderful break in the Rosa Banksia, being a cross between the "Wichurana" and "Moss Rose." It is a sort of a cross between the two--a very hardy Moss Rose, one of the finest varieties we have. The flowers are borne in clusters that are a day-break-pink in color, opening into bloom that is good, semi-double in fullness. A climbing moss is a wonder, and "Wichmoss" is the forerunner of an entirely new family of Roses; hardy. 20 cents; two-year plants, 50 cents.

WICHURANA or MEMORIAL ROSE—(Dr. Wichura, of Japan, 1886.) It is difficult to conceive anything more appropriate, beautiful and enduring for covering grates and plots in mysteries than this splendid Rose. The leaves are borne in long arches, along the ground as closely as an Ivy. The flowers are produced in lavish profusion in July. They are single, pure white, with a golden-yellow eye. The flowers are very full and heavy. It is also immensely valuable as a Climbing Rose for covering arches, fences, etc.

YELLOW BANKSIA, or Lady Banks—Some White Banksia except color of bloom is sulphur-yellow. Has the same delicious Violet fragrance. 15 cents; two-year plants, 50 cents.

PERNETIANA ROSES OR AUSTRIAN BRIAR

A new family of Roses; native of the south of Europe. The varieties we offer are new, and were introduced by the great French grower, Henri Ducher, and Wm. Paul & Son, of England. The greatest abundance with strange colors not to be found in any other section of Roses.

ARTHUR R. GOODMAN—"This is a genuine "Pernetiana," and is perfectly hardy everywhere. The color is copper-orange-red passing to salmon-pink as the flowers expand. A superb combination of color; flowers medium to large and full. Should corner the double Rose. As this variety grows from cuttings, we offer it on its own roots. 25 cents; two-year plants, 75 cents.

LYON ROSE—(Named in honor of the city of Lyons, France, where this Rose was grown.) Pronounced by experts to be the most important introduction of modern times. Flowers large, full and double, of remarkable substance; shrimbpink, edges coral-red or salmon-pink, shaded chocolate-yellow exceedingly fragrant and perfectly hardy. Has been awarded the highest prizes at the many exhibitions in Europe. Awarded two-year budged plants, $1.00.

RAYON D'OR (Rays of Gold)—This is the Rose that won the gold medal awarded by the city of Paris at the international exhibition of new Roses held at Bagatelle in 1907 and 1909. It is a taken a prize in every show it has entered. Has the most entirely hardy. Rayon d'Or is indisputably the deepest of all the yellow colored Roses in existence. The bud is oval shaped, copper-orange-red, quite large and full. Both the buds and flowers are large, full, of fine globular form. Color on first opening superb cadmium-yellow. When fully expanded the color is a deep, brilliant sunflower-yellow, which does not fade. Produces its flowers in great profusion, and revels in all weathers. When massed it forms the most glorious decorative of the the finest varieties of any Yellow Rose. Imported two-year budged plants, $1.50.

SOLIEL D'OR (Golden Sun.)—This Rose is the first of a new race unique in habit of growth and color. The flowers are large, globular and globular, very full and double, with a double effect. Color is a blending of golden-yellow and reddish-gold, shading to golden-orange and nasturtiums. Deliciously fragrant, freely-blooming. Imported two-year budged plants, 75 cents.

VICOUNT ENFIELD—(Pernet Ducher, 1910.) Copper sorry rose, shaded with yellow. The inner petals are deeply lined with carmine, while the center ones are sometimes striped with yellow. Flower large, full, elongated; very floriferous. Imported two-year budged plants, $1.00.
THE wonderful improvement made during the recent years in these old-fashioned hardy plants has brought them into renewed popularity. The gorgeous flowers, which rival the finest Roses in size, form and color, are produced in great abundance. After once being planted they require little care and attention, thrive anywhere, and are hardy in the coldest climates. Each year after planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of our fine Peonies, and see what grand flowers they are. Get out of your head that there are only Red, White and Pink Peonies. To illustrate: at flowering time, people who visit our field will say "I have Pink and White Peonies. I desire only Red ones," but when they are shown the Pink and White they invariably exclaim, "How grand! I have none like them." There is as much difference in Peonies as there is in Roses.

**Special Collections of Peonies**

To those who do not care for the nomenclature of the Peony we have made several collections and here offer as an aid to making selections. Patrons will find these varieties embrace a wide range of color and form, and are exceptionally meritorious.

**Collection A**  
This collection embraces the Peonies of merit that are a great bargain at the prices here quoted.

Officialis Section

These are earlier Bloomers than the Chinensis Section. They are the old May Peonies of our grandmothers'. 

Price, 30 cents each; the three for 75 cents.

OFFICINALIS RUBRA (FI. PL.)—The old-fashioned early deep crimson variety of our grandmothers' gardens.

OFFICINALIS RUGOSA—(Whiteley, 1867.) Very early. A well-formed bloom, color deep pink; very brilliant and effective.

OFFICINALIS ALBA—(Mutabilis.) White striped with pink.

Peonies to Color

Usually Called Mixed Peonies

Our Peonies to color you will find unsurpassed. They are fine large flowers with rich colors; free bloomers. The roots we offer are 10 per cent larger. Other large blooms, coming in clusters are practically no longer. Our Peonies in white, red, pink and rose at 20 cents; three for 50 cents.

SEEDLING PEONIES

This is a remarkable species, developed from Peony Monot, a native of China and Japan. In habit of growth it is not like a Chinese shrub, but is more like our own Peony, Plant essentially attaining a height of four or more feet and of large circumference; the foliage is quite handsome, and the immense flowers which usually appear in flat clusters on a long stem, are handsome, and are most remarkable for their immense size and gorgeous colorings. Splendid for grouping or for specimen plants on lawns or borders. A good plant to get it some protection in very cold latitudes. All shoots springing from the base should be rubbed off. We offer any color desired, our choice of varieties only, at $1.25 each.

Remember that so long as we can ship Peonies safely we shall be only too glad to fill your order for them and ship in the fall time.
MISS ELLA V. BAINES, THE WOMAN FLORIST, SPRINGFIELD, OHIO.

BEAUTIFUL HOUSE FERNS TO CHEER YOUR HOME DURING WINTER

There are no plants grown that are more desirable for the house than the following fine decorative Ferns. They are easily grown, free from insects and disease, and thrive well in the ordinary temperature of the living room. See that the plants have plenty of drainage and are kept well watered; never let dry out for any length of time. Every one of these Nephrolepis Ferns is cutely distinct in every way. That we are headquarters for Ferns is evidenced by the choice assortment that we offer. No other firm offers so many distinct and choice varieties. Try us for Ferns.

WARNING! Do You Know About the White Fern Scale

About every dealer in the land has this White Fern Scale. That’s what is making your Ferns look so sickly, and what is so serious about the whole matter is that even the big growers think it is a fly, and even then do not know how to rid themselves of it. It is a scale, and the most vicious insect that ever attacked any plant. It is the most difficult to get rid of. Our stock is clean because we know how to prevent it and we also know how to get rid of it, should our stock ever become infested. You cannot afford to attempt to grow Ferns that have this scale, because you will fail; your plants will never look right. Buy our clean Ferns.

The Grand New Dwarf Nephrolepis

“TEDDY JUNIOR,” the Fern for every household—This magnificent Fern has never before been offered for sale by any florist or catalogue firm. It is a sport from the now famous Roosevelt Fern, and while its habit of growth is to produce a shorter frond it retains all the valuable characteristics of the parent plant. The fronds are broad and beautifully tapered from base to tip; they droop just enough to make a shapely, graceful plant, permitting it to finish with a fine full center and perfect symmetrical spread. The pinnae are distinctly undulated, giving the fronds an attractive wavy appearance, which adds materially to their charming decorative effect, and thin, scraggy foliage is never seen in this variety. “Teddy” will produce about four times more fronds than any other Fern ever introduced, finishing with fifty to sixty fronds in a four-inch pot, while twelve to fifteen is the average number other varieties will produce in the same size pot. It is such a compact, vigorous grower that it will thrive under most adverse conditions making an exceptionally rapid growth and producing a plant of rare beauty and perfection in the average dwelling house without special care or attention. Owing to its habit of producing the great quantity of massive foliage in small pots, this Fern makes the finest pedestal plant ever produced, and will prove indispensable for decorating dining room or library tables and numerous other places in the home where limited space will not permit using large pots or varieties with longer fronds. As a table decoration, Fern growers can appreciate the commercial value of a dwarf variety that will produce forty to fifty fronds twelve to fifteen inches long in a four-inch pot. Such plants could readily be disposed of and every grower can produce them from “Teddy Junior” with as little care and expense as they can grow other varieties. Young plants, 35 cents; strong plants, 50 cents; extra strong plants, $1.00.

FRONDS OF “TEDDY JUNIOR,” THE WONDERFUL NEW FERN

Nephrolepis Splendida

The Big Four Fern

We place this grand variety first and foremost of all the Ferns. It is the most wonderful of them all, and is the only genuine combination Fern ever sent out, and is now offered for the first time. It combines the good qualities of the four most popular sorts. It has the grace of a “Boston,” the wavy effect of a “Roosevelt,” the fluffy effect of an “Ostrich Plume,” and the uniqueness of the “Fish Tail.” Some fronds will be straight “Boston,” others will be true “Roosevelt,” in others the ends of the pinnae will be feathery “Ostrich Plume,” while in others the ends of the pinnae will be the genuine “Fish Tail.” Then again some fronds will have in a marked degree all of these desirable traits, forming a combination without parallel among Ferns. It will deserve the name of “Big Four Fern.” Everyone who sees it goes “Daffy” about it. This is without question the most splendid of all the Nephrolepis. Be sure and try it. Young plants, 35 cents; strong plants, 50 cents; extra strong plants, $1.00.

THE “GOLD MEDAL FERN,” For Description See Page 20.
Nephrolepis Roosevelt

The “Roosevelt Fern”

It is our good fortune and great pleasure to offer this wonderful new Fern. In general characteristics it resembles the world-famous Boston Fern, but it will sweep that Fern from the boards for two reasons; it produces many more fronds than the Boston, thus making a bushier, handsomer plant. In fact, it is the best Fern for flowerers’ use ever introduced. Roosevelt will make a better plant in a six-inch pot than any other Fern in a ten-inch pot. That is what will make you money every time. The usual size to sell the Boston Fern is from a six-inch pot. Well, let us tell you that in a six-inch pot of the Roosevelt and the Boston there is no comparison. The Roosevelt doubles the fronds of a Boston in a six-inch pot, thus making a much more finished plant, and, therefore, more salable. The pinnae are beautifully undulated, giving the Roosevelt a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. Our sales of Roosevelt have exceeded two hundred and fifty thousand plants, a far greater number than was ever sold of a new Fern. Young plants, 20 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Nephrolepis Elegantissima

THE “PHILADELPHIA LACE FERN”

The small size pinnae, or leaflets, are subdivided into perfect miniature fronds; the side pinnae stand at right angles to the midrib of the fronds, on edge instead of flat, giving both sides of the main frond the same beautiful appearance. It is impossible to conceive of the beauty and grace of this wonderful Fern from description. Young plants, 20 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Nephrolepis Scholzeli

THE “CRESTED FERN”

It is a sport from Scotti, possessing the merits of that most popular variety, but with the pinnae subdivided, giving it a fine crested appearance. The fronds, like in Scotti, stand erect, with a graceful arch forming a plant of ideal shape, and they never break down, giving the plant a rugged appearance as is so often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. The smallest salable plants perfectly express the type, and in every size are models of beauty for table decorations. Young plants, 20 cents; strong plants, 40 cents.

Nephrolepis Todeaoides

THE “LONDON FERN”

A feathery fronded variety similar to the Ostrich Plume variety, the fronds being more stiff and erect and the pinnae more finely divided. A fine Ostrich Plume sort, and we recommend it in all respects. Young plants, 20 cents; strong plants, 50 cents.
Nephrolepis Piersonii

THE "GOLD MEDAL FERN"

This Fern received a gold medal from the Society of American Florists and Ornamental Horticulturists at their meeting in Asheville, N. C., 1913, and is the only gold medal ever awarded by them for any plant whatsoever. An entirely new form of the Boston Fern. The pinnae subdivide, making miniature fronds which are superimposed on the main fronds, looking as if two or even three were condensed in one, giving the plant a graceful, feathery and plume effect. Young plants, 20 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Nephrolepis Superbissima

THE "FLUFFY RUFFLES FERN"

This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth being much more compact, and its irregular shaped fronds which give it the name of "Fluffy Ruffles Fern." "The fronds are very heavily impregnated, the pinnae overlapping and are so formed as to resemble miniature Ferns, giving the appearance of a Fern within a Fern. The plant is very sturdy in its habit and the fronds firm and rigid, never break down, so that it will stand more knocking around than any other Fern. Young plants, 35 cents.

Nephrolepis Whitmanii

THE "OSTRICH PLUME FERN"

A great Fern. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be competed by the Ostrich Fern for beauty and general effectiveness. Everyone who has seen it is charmed with it. As someone has expressed it, "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far outdistances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years. It has taken gold medals wherever shown. Young plants, 20 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Nephrolepis Goodii

THE "BABY'S BREATH FERN"

This has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so dainty in texture that a baby's breath would set its fluffy foliage in motion." The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. It is an improved variety and the best of its type. Nothing is daintier or more exquisite than well-grown specimens in any size. Our reputation for it that no Fern in existence can compare with Baby's Breath" in fineness. Young plants, 25 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Nephrolepis Exaltata

THE "OLD ORIGINAL SWORD FERN"

This is the "old original Sword Fern," the daddy of them all, the one plant from which all the Nephrolepis we offer sprang. It is entirely different from any of its progeny, having narrow fronds that are long and of very erect growth. For this reason it is more largely used as a centerpiece in vases than are any of its descendants. Young plants, 15 cents; strong plants, 40 cents.

Nephrolepis Whitmanii Compacta

THE "PARLOR FERN"

This is a condensed form of the "Ostrich Plume Fern" with valuable characteristics added which are not evident in the parent, the pinnae subdivide, making miniature fronds, which are superimposed on the main fronds, looking as if two or more were condensed in one. Graceful beyond description. Young plants, 20 cents; strong plants, 50 cents.
Nephrolepis Amorphohi
THE "FILIGREE FERN"

A most charming Fern, very much on the order of the famous "Baby's Breath Fern." This Fern has such fine delicate foliage that it is suggestive of the finest filigree work in silver and gold done by the jeweler, hence it has been christened the "Filigree Fern." It is beautiful beyond description. Young plants, 25 cents; strong plants, 50 cents; extra strong plants, 75 cents.

DWARF FERNS IN FERN DISH. ELEGANT TABLE DECORATION.

DWARF FERNS For Fern Dishes
We have selected a few of the hardiest and most satisfactory varieties for filling Fern dishes, than which there is no prettier table decoration. 10 cents each; or we will send seven distinct Dwarf Ferns for 60 cents; or thirteen distinct Dwarf Ferns for $1.00. These will make a full Fern dish for the dining table that will be a joy to your heart.

Nephrolepis Bostoniensis
THE "BOSTON FERN"

In the vicinity of Boston no other plant is so extensively used as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared to the Ostrich Plume Fern, as they are of an entirely different growth; both have their place and both are beautiful and desirable. Young plants, 20 cents; strong plants, 50 cents; extra strong plants, 75 cents.

Our Grand Garden Dahlias

No garden is complete without a show of these brilliant and stately autumn flowers, and nothing gives greater return for so little money and care. We offer dry bulbs or tubers, but if stock of these becomes exhausted, we will send started plants. We grow and sell fifteen acres of Dahlias each year.

CACTUS DAHLIAS

So-called from their resemblance to Cactus flowers. They are characterized by long, narrow, pointed, tubular and twisted petals of graded lengths, giving the flowers a striking and attractive appearance. Grand for cut flowers. Except where noted, 15 cents each; four for 50 cents. The entire set of eight Cactus Dahlias costing $1.45 for $1.10.

AMOS PERRY—The best bright scarlet Cactus to date. Color purest flaming-scarlet, with long, narrow twisted petals of irregular formation. The blooms are borne well above the foliage in the utmost profusion. Certainly a beauty. 25 cents.

CHARLES CLAYTON—The strongest words of praise are not extravagant when applied to this wonderful new Cactus. It is the ideal in color, form, length of stem and general good habits, beyond which it would seem little could be hoped for. The color is a most intense crimson, so vivid as to dazzle the eye; superb. 20 cents.

COUNTESS OF LONSDALE—For perfection of bloom, erectness of stem, abundance of flower, this variety has never yet been equalled. On several of the plants we have counted over 150 perfect blooms on one plant. Is there any other garden flower that can equal it? The color is a rich salmon-pink tinted apricot. The one best Dahlia. 25 cents.

COUNTRY GIRL—Base of petals golden-yellow suffused with salmon-rose or old gold, which is deepest at the tips of petals.
CACTUS DAHLIAS—Concluded

FLORADORA—Deep, dark, rich wine-crimson, splendid shaped flowers on long upright very stems. Habit ideal of perfection. J. H. JACKSON—This is without doubt the finest dark Cactus Dahlia. Its velvety-black crimson-maroon shade is very strong, its large flowers are perfect. STANDARD BEARER—Bright, pure scarlet; flowers large and full to the center; of symmetrical and perfect form. Petals semi-quilled. Extraordinarily productive. One of the very best.

WINESOME—Pure white. Bears abundant masses of large, white flowers; very desirable.

DECORATIVE DAHLIAS

These come next to the Cactus as a cut flower. They are also very showy in the garden, being unusually free bloomers. They are more formal in make-up than the Cactus Dahlias, but not as formal as the show varieties, being a half-way medium between the two. Except where noted, 15 cents each; for four, 50 cents. The entire set of eight Decorative Dahlias, costing $1.60 for $1.20.

CLIFFORD W. BARNES—Immensely large; color a clear, rich canary-yellow. Fine for cutting. Should be in every collection.

FRANK L. BASSETT—Color bright royal purple, shading to lavender-blue, an extremely early and profuse bloomer.

JACK ROSE—(New.) A magnificent flower with perfect form. Color rich crimson-red with maroon shadings. Named for its counterpart among Roses, the famous “General Jack.”

LYN DAVID BOWERS—Very large, with a perfect scarlet; invaluable for cutting. Large, perfectly formed, double to the center, with long stems. Charming.

MATCHLESS—Deep crimson, of large size; an early and late bloomer. It is considered one of the best ten Dahlias. Very showy in the garden.

MRS. ROOSEVELT—Immensely size; a delicate shade of pink; extra fine. 40 cents.

SOUVENIR DE MARIE DOAZON—This is the largest of all Dahlias. A lovely shade of orange-red. A veritable giant among flowers. 30 cents.

WILLIAM AGNEW—Intense glistening crimson-scarlet; of large size and exceedingly recurring form. The most popular standard red.

SHOW AND FANCY DAHLIAS

These are the old-fashioned Dahlias of our mothers’ gardens. Perfect in shape and outline. Except where noted, 15 cents each; four, 50 cents. The entire set of twelve show Dahlias, costing $2.50, for $2.00.

ARABELLA—Primrose-yellow, tipped and shaded old rose and lavender; very fine.

DOROTHY PEACOCK—The most exquisitely beautiful bright shell-pink Dahlia on earth. The flowers are of fine form, with a delicate touch of brilliant green at the base. It appears to everyone. Whether as a plant in the garden or for cut flowers, this new Dahlia has been the delight and admiration of all who have seen it. 30 cents.

FOSTER BARNES—The flowers are large, perfect in form, full to the center. Outer petals cupped and slightly pointed; inner ones quilled and all of the greatest substance. Color pure waxy white almost of tuberose texture with a tint of delicate lavender-pink touching the tips of the petals and lightly shading the heart of the flower. Sometimes the back of the petals are a stunning shade of deep lavender-pink. 25 cents.

GRAND DUKE ALEXIS—This is one of the most delightfully beautiful of all Dahlias. Very large, perfect form, with long, thick, quilled petals overlapping at the ends. White, slightly tinged and suffused delicate lavender. Eternally beautiful. 20 cents.

QUEEN VICTORIA—Pure canary-yellow. One of the freest bloomers. Good for cutting.

ROBERT BROOMFIELD—Pure snow-white. Of large size. A very free bloomer. Grand for cut flowers. We recommend this variety.

RUBY QUEEN—A rich ruby-red that is very bright and dazzling. Fine, large flowers and long stems. Profuse bloomer.

STORM KING—(Blizzard.) Produces large, perfect shaped flowers of a wonderful shade of rich rosy-red. One of the all white Show Dahlias. It often goes under the name of Blizzard from the fact that when in full bloom it resembles a bank of white snow. 35 cents.

STRADELLA—The color is deep purple-crimson, with deep cup-shaped petals that are loosely arranged. The flowers are perfectly round when in full bloom, borne on long graceful stems well above the foliage. 20 cents.

SYLVIA (Or Dolly)—Four flowers to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals. In freedom of bloom next to quartets of Lonsdale. A magnificent Dahlia.

W. W. RAWSON—The popularity which this novelty has acquired in the short time it has been offered, speaks in itself for the superior features of this new Dahlia. The blossoms of the center are quilled similar to Grand Duke Alexis. Toward the outer part they are more open and flat. The color is pure white contrasting with amaranthine pink. It gives the appearance of a delicate lavender. The flowers measure from seven to nine inches cross. One of the very best Dahlias grown. 30 cents.

PEONY FLOWERED DAHLIAS

This is a new family of Dahlias, originating in Holland. They bear semi-double blooms, and are without question the showiest of all Dahlias. Be sure and try them. Price, except where noted, 35 cents each; the four Peony-flowered Dahlias, costing $1.55, for $1.40.

GRISHA—The pride of the Peony-flowered Dahlias. This most sensational variety is the showiest and most attractive of this type in existence. The wonderful flowers are renowned for their excellent exhibition qualities, being exceptionally large in color, perfect in form, grand in appearance and immense in size. The color of this acquisition is remarkable and attracts everybody’s attention. It is one of the most beautiful Dahlias found in America. 50 cents.

MRS. CHARLES L. SEYBOLD—Color bright pink flushed with crimson, each petal tipped with lightest yellow. Invaluable for cutting. Large, perfectly formed, double to the center, with long stems. Charming.

QUEEN EMMA—A delightful sort that appears almost artificial. It is so charming a shade of Hollyhock-pink, the inner petals banded with gold. One of the most beautiful.

QUEEN WILHELMINA—The flowers of this grand variety are extremely white, with a tinge of golden-yellow. They look like huge butterflies on the plant. They are so light and airy. Extra fine. 35 cents.

CENTURY DAHLIAS

This is an entirely new race of single Dahlias. We consider today that the new Century Dahlias occupy first place where beauty of coloring and perfection of form are factors. They are large, immense size, long stems, graceful carriage, combined with their purity of color, or the blending of colors, shades and tints, entirely outshines all others that have come before. Keep each variety when cut in a separate vase. Price, except where noted, 25 cents each, the five Century Dahlias, costing $1.25, for $1.00.

GOLDEN CENTURY—The grand acquisition. Color a canary-yellow on long stems; finest. 30 cents.

MAROON CENTURY—Rich maroon, shaded royal-purple. Very large and velvety; superb. 40 cents.

PLUM CENTURY—The flowers are of the finest color. They conceive the exquisite delicacy of color, texture and finish without seeing the actual flower. The color is a delicate shell-pink, slightly suffused clear, soft pink. 50 cents.

TWENTIETH CENTURY—The flowers are large, always of perfect form. The stems are straight and graceful. The color is a rich rosy-red. They are the most distinctive and strikingly beautiful variety. Flowers abundantly produced on long graceful stems. A gem. 50 cents.

WHITE CENTURY—The flowers are of immense size, of a beautiful snow-white color. None of its color better.

POMPON DAHLIAS

This class is a miniature form of the Show and Fancy Dahlias, having the same round, ball-like form, but much smaller in size. The plants are also smaller. Of branching habit, producing the flowers on endless profusion of short stems. They are very valuable for bouquets and for small gardens; also useful as borders to beds of tall growing plants. Everybody loves them. 15 cents each, four, 50 cents. The entire set of Six Pompom Dahlias, costing 90 cents, for 75 cents.

FASHION—A very pretty shade of old gold.

HIGHLAND MARY—Pink and lavender, with white. Ethereally beautiful.

LITTLE BEATRICE—Blush-white; narrowly edged with delicate crimson.

ORIOLE—A glowing shade of bright yellow.

EMMA CLAY—Emilia pure white. Extra fine flowering. A most charming variety.

VIVID—Bright glowing scarlet. Extra fine and free.

SPECIAL DAHLIA OFFER

The entire forty-three distinct varieties of Dahlias as catalogued, costing if ordered singly, $9.25, sec. for a remittance of $6.75, net.
HARDY PERENNIAL PHLOX

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered makes it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any soil, and can be grown in either the old-fashioned old-fashioned bed or as simple specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps of old-fashioned beds in which they are cultivated, their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox usually commence to bloom in early summer, and are brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects. Plant Phlox; they take care of themselves and get better each year. 10 cents each, six for 50 cents, fourteen for $1.00.

ALHAMBRA—Rich mauve; distinct.
BEAUTY—Delicate silvery-pink; a most beautiful sort.
BRIDESMAID—Pure white, clear carmine eye; blooms in large round heads; attractive.
D' OUESSIN—Rosy-lilac, distinctly rayed with lighter halo.
ECLAIREUR—Clear rosy-magenta, with large lighter halo; large florets and magnificent bedder.
GENERAL VON HEUTZSE—Immensely trusses of very large flowers, color of the most brilliant salmon-red, with white center; simply grand.
HUXLEY—A rich lavender; color fine.
HENRY MURGER—Enormous pure white flowers, with very large, showy, deep carmine eye or center; fine florets and trusses; extra.
INDÉPENDANCE—An excellent large-flowering early pure white; none better.
INSPECTOR ELPEL—A startling variety, color deep salmon; florets extra size; will please everybody.
JULES CAMBON—Clear magenta with large distinct white star in center of each floret; superlatively rich and fine.
LA VOGUE—A beautiful rose color with large eye of deeper rose color; very attractive.
LA PERLE DU NORD—Pure white; large, deep, distinct red eye, extra fine.
LE MAHDI—Dark violet-purple.
LE ESPERANCE—Clear rosy-lilac; large white eye distinctly rayed; large florets and an even bloomer.
LOTHAIR—Clear, even carmine, deep crimson eye.
PANTHEON—Large, clear, deep, bright pink with faint halo; a charming variety.
RUBUS—A parti-colored variety, rosy-red shading to white.
R. P. STRUTHERS—In our estimation the very best Phlox grown today—it has no faults. Color, clear cherry-red, suffused with salmon shades; deep red eye; fine large truss. Color is so clear and clean that each individual floret stands out as distinct as a cameo.
VON HOCHBERG—Extra large beautifully formed trusses of flowers. The ideal crimson Phlox that everyone has been looking for.
SPECIAL OFFER No. 33—The entire set of twenty distinct and beautiful varieties for only $.50.

Beautiful Flowering Cannas

Cannas are called the poor man's orchid because one may possess a perfect riot of color in his yard or garden for the minimum of both outlook and labor. They grow rapidly and bloom luxuriantly throughout the whole season, requiring merely ordinary hoeing and weeding, and they always respond to plenty of water. Soak the ground thoroughly. Planted in beds of any form, in rows or in front of porches and foundation walls, their rich, tropical foliage and gaudy bloom will repay their care and the insignificant trouble of winter storage.

Green-Leaved, Truss-Flowering Cannas

In the Truss Cannas, the individual flowers are smaller than in the orchid Cannas, but more of them open at a time, thus making a truss of bloom of great effectiveness.

Novelties in Green-Leaved Truss-Flowering Cannas

BRILLIANT—One of the most striking yellow variegated Cannas ever offered. The yellow is a peculiarly bright waxy shade with two curling tongue-like petals of fiery-red that appear to dart from the center. Three and one-half feet, 20 cents.
DUKE OF YORK—Not the newest Cannas, but the best pink. It blooms prodigiously. Immense heads of large individual florets. A clear, even pink, with throat of cream and broadly edged with a border of gold. Extremely beautiful and fascinating. Four and one-half feet, 25 cents.
GLADIOFLORA—Remarkable for the unusual shape of the flowers, which look like large Gladioli. Petals are rounded and so wide they overlap each other. Color is carmine-rose, edged with gold; beautiful. Three and one-half feet, 25 cents.
GUSTAV GUMPFE—An ideal bedder, possessing the practical qualities of compact growth, free and continuous blooming, and self-cleaning habit; uniform flower; heads well above the foliage. Color, the richest kind of orange-yellow; extra. Three and one-half feet, 20 cents.
HALLEY'S COMET—A striking addition to the galaxy of Star Cannas. Flowers large, of blazing scarlet. The throat is pure yellow, and with a narrow throat of pure yellow around each wide-edged petal. Three and one-half feet, 20 cents.
HUNGARIA—This Cannas catches the eye insistently and demands attention. The petals are round and waxy made up into a rosy crimson color. The word Hungaria vividly suggests the well known "Paul Neyron" Rose, and is unquestionably the most attractive and fascinating pink Cannas ever produced. Three and one-half feet, 25 cents.
KATE F. DEEMER—The grand flowers open a rich oriole-yellow, which gradually gives place to turkey-red in throat of flower, this in striking contrast with the rest of the blossom, which turns almost white. Thus two colors of flowers will be on the same stalk at one time. This makes a fascinating combination, and is the most unusual of all Cannas. Four feet, 50 cents.
BEAUTIFUL FLOWERING CANNAS—Continued.

KARL KIRSTEN—It throws its trusses of bright poppy-red high above the foliage. The combination of freedom and bright color makes this an exceptionally desirable sort for masses. Five feet, 20 cents.

METEOR—Immensely trusses of large rounded flowers, well displayed above the massive foliage; brilliant crimson. Flowers keep well and are self-cleaning; excellent. Four feet, 25 cents.

MRS. ALFRED F. CONARD—A most remarkable variety, with exquisitely-scarlet flowers of largest size in erect and abundantly furnished heads. So freely produced as to keep up a superb showing of its fine bloom for months above the rich green foliage; extra fine. Four feet, 35 cents.

ONDINE—Bright orange-scarlet, broadly bordered with golden-yellow. The color is best described as a fanciful figure in scarlet and gold. The best of all gilt-edged Cannas. Three feet, 30 cents.

ROSEA GIANTEA—Extra large flowers, borne in such great abundance that the mass of color is truly amazing; a deep rich rose, almost a coral-carmine; soft and lovely; one of the most beautiful Cannas grown. Four feet, 25 cents.

SPECIAL OFFER NO. 44—The foregoing 12 new green foliage, truss-flowering Cannas costing $3.50 sent for only $3.00 net, and we will include gratis the new orchid-flowering Canna Minnehaha named below.

Single Geraniums None Finer than these Varieties

15 cents each. Will send four single Geraniums, our selection of varieties, for 50 cents.

ALBION—One of the finest single whites. Pure in color; immense in size; circular form.

DRYDEN—A most gorgeous flower borne profusely; bright cochineal-red, shading to pure white throat.

GENERAL GRANT—The old standby as a bright red bedding Geranium. It is a mass of scarlet all summer. It has no superior.

JULIA MARLOWE—Broad overlapping petals of bright scarlet. A splendid round flowered variety.

L'AUBE—Enormous sized trusses, large, round florets, pure snow-white, retaining its pureness the entire season.

MADAME MOSNAY—A magnificent shade of red. Upper petals shaded violet to white center; unsurpassed.

MADEMOISELLE ANASTASIE LECADRE—Rich crimson-carmine lake, shading through a maculated effect to a pure crimson-lake. Extra fine." 

PAMELA—Immensely round flowers, with a large, pure white center, shading through a maculated effect to a broad, distinct outer margin of crimson-lake.

SWEET-SCENTED GERANIUMS 10 cents each; the three for 25 cents.

LEMON—The foliage is pronouncedly lemon-scented.

NUTMEG—Foliage has true nutmeg fragrance.

ROSE—The famous sweet rose-scented Geranium; very fragrant.

Pelargonium or Lady Washington Geraniums

The Grandest of all Flowering Plants

We here offer twelve distinct sorts, every one entirely different in form, and the handsomest of all flowers—once seen, never forgotten.

35 cents each; any three of your selection for $1.00; the entire set of twelve beautiful sorts for $3.00.

CAPTAIN RAJES—A grand ruffled or fringed variety, with very large flowers; borne in large, fine-shaped trusses; color bright red, with lighter center, with heavy maroon blotches in upper petals.

CRIMSON KING—Rich bright red, with lovely ruffled violet throat; distinct.

DOROTHY—It is a perpetual blooming variety, usually commencing to bloom in December or January, and continuing throughout the spring and summer. The throat and edges of the petals are pure white each shaded toward the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

GOLD MINE—Rosy-scarlet, with white throat; each upper petal has a shining black blotch.

LINDA—Rosy-salmon; two upper petals black spotted; a grand sort.

MRS. ROBERT SANDIFORD—(The New Double White) The flowers are three inches across, of the purest snow-white and perfectly double and very free in bloom. You cannot imagine anything prettier.

MADAME THIBAUT—(The New Double Pink). The flowers are three inches in diameter, perfectly double, of the brightest pure pink; beautifully ruffled edges; very free in bloom.

MARIE MALLET—Upper petals white, upper petals black, bordered red; elegant.

MRS. BRADSHAW—Large flower, pure white, with each petal showing dark maroon center.

PRINCE GEORGE—Clear pink, each petal blotched crimson. Considered by many who have seen it to be the prettiest.

PRINCESS MAY—Beautiful deep rose, spotted with carmine; extra.

VICTOR—The flowers are a bright cherry-red, with white at the base of each petal; the two upper petals are dark crimson-maron. The flowers are of immense size and are very freely produced.

REMEMBER: The above twelve, the most beautiful of all Geraniums, for $3.00. There is nothing to compare with these for beauty in the plant line.

New Pelargonium Geranium

Easter Greeting This new ever-blooming pelargonium was shown at Mannheim horticultural exhibition in Germany. Planted out as a bedding plant and bloomed continually until late in the fall. It will prove the forerunner of a new race of everblooming kinds, as it rivals the orchid in beauty. The following description is from the German introducer, Carl Plass:

"This new species is the earliest of all Pelargoniums, with enormous florets and clusters, having light green foliage and of dwarf, robust growth. It blooms from March until fall. The flowers are of a fiery-scarlet-red, with five large, regular shaped spots. The first and only kind to bloom as well bedded out as in pots, and to do so all summer." 50 cents each; two for 80 cents.

PANSY GERANIUM (Mrs. Layal) A Wonderful Plant

This new and wonderful Pansy Geranium is of the easiest growth, dwarf in habit, and literally covered with flowers all the time, and as it requires little or no attention, it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 35 cents each; three for $1.00.
The New French Hydrangeas

Let us tell our friends that these new French Hydrangeas are the most meritorious plants brought out in years. They have enormous trusses of bloom that completely hide the plant. They are half hardy and may be planted in the latitude of Philadelphia and in the Gulf and Pacific states. They are also fine as house plants, blooming in the spring time about Easter. When kept at a temperature of seventy degrees out of doors they bloom about June.

The Famous Blue Flowered Hydrangea, MOUSSINE—With us a beautiful plumago-blue. The introducer describes it as a beautiful mauve-colored, fringed bloom, center the flower heads are large and held erect; a decided acquisition. If you desire a beautiful deep blue Hydrangea flower get this one. Young plants, 30 cents; strong plants, 60 cents.

E. G. HILL—This is the newest one and the very best, and by far the very best pink that we have yet tried; trusses of immense size. Color a most pleasing shade of baby pink that does not fade. Growth vigorous, foliage large and attractive. It is one of the easiest to force into bloom during the spring, coming into flower early. Young plants, 35 cents; strong plants, 75 cents.

All the following "New Hydrangeas," young plants, 20 cents, strong plants, 40 cents.

AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons. An easy variety to force.

BOUQUET ROSE—Large trusses of well-formed flowers, rose-amber to bright pink; has proven a special favorite in the New York market this season.

FRAICHEUR—Very large, regularly shaped flowers, white delicately suffused with rose. Very free flowering.

LA LORRAINE—Very large flowers, pale rose, turning to bright pink; has become a general favorite during the past two years.

MONT ROSE—Immensely panicles of clear flesh-rose, entirely distinct. One of the very best early flowering varieties.

SPECIAL OFFER No. 49 The Entire Set of Thirteen New French Hydrangeas in young plants, costing $2.85. For Only $2.00, net.

CARNATION PINKS, THE DIVINE FLOWER

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well known as the 'Divine Flower.' Plants in the open ground or in pots quickly make large specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don't buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five inch pot, keep in a temperature of forty to fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched in they will bloom profusely during the summer. We offer the finest varieties in existence. Your order in complete without some Carnations.

Excelsior Collection of Choicest Carnations

10 cents each; three for 25 cents; seven for 50 cents; set of nine Excelsior Carnations, postpaid, for 65 cents.

AFTERGLOW—Very dwarf, and of a nice, bushy growth, forcing. Long-stemmed flowers; can be cut and flowered possessing a stem varying from three to eight inches in length. It has perfectly formed flowers; color a rich, bright rose-red. We highly recommend this sort.

ABUNDANCE—Flowers very large and perfect in form; color a bright rose-pink, with salmon shading when the flowers are young. A very heavy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

BONFIRE—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest mahogany; free and every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

CONDE FOX—Its color is almost indescribable. Of a rose-orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

ESTELLE—One of the most fragrant Carnations we have seen. A color a clear, bright, glowing scarlet; a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

MORNING GLORY—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful light pink satin color; flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

ROSE PINK ENCHANTRESS—As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

WHITCOMB RILEY—The ground color is the finest blush, lightly penciled in soft pink. The bloom is fluffy in appearance, exquisitely beautiful in form. One of the grandest of all Carnations.

WHITE CLOUD—This is the largest white Carnation in cultivation—often measures four inches in diameter. The flowers and petals of this variety are large and of soft petal of great substance, making it one of the very best.
“Novelty” Collection of Choice New Monthly Carnations

THE DIVINE FLOWER

Price, 10 cents each; any three of your selection for 25 cents.
This Novelty Collection of seven Monthly over-blooming Carnation Pinks, 50 cents.

VICTORY—Another grand new variety so distinct that it stands alone. Awarded the Lawson Gold Medal, also the S. A. F. Medal at the Carnation Society’s Convention. The flowers measure three and one-half inches when well grown. Long, strong stems, two to three feet. A healthy, vigorous grower. But its color—a glowing scarlet-crimson, intense and fiery with its rich ox-blood shadings, far and away beyond all other Carnations.

ENCHANTRRESS—The Great $10,000 Beauty. The great forward stride in Carnations is made more manifest in this than in any other since the advent of the Mrs. Thomas W. Lawson. It was raised by the same grower, and be pronounces Enchantress superior to it. The flowers are three and one-half to four inches across when well grown. The color is a superb shade of rose blush-pink.

GAIETY—Color pure white, with a few narrow pink pencilings about the edge and through the flower. Size large and full, form very round and symmetrical. One of the best producers beginning to bloom early and continuing throughout the season without intermission.

HER MAJESTY—Purity of color fairly glistering all over this flower. Form is larger than any other white, stem the strongest and about thirty inches long. It is bound to become the standard white for both winter and summer blooming as it will start blooming July 1st and continue until the same time a year later.

LADY BOUNTIFUL—Largest flowers of the purest immaculate white; large-sized blooms. Valuable for garden planting and for pot culture. Very sweetly scented with that delightful old-fashioned clove fragrance.

MAY DAY—This is the largest Carnation ever offered. It is a wonderfully free bloomer, rendering the monster size the flowers attain. White, overlaid with pink, reminding one of the beautiful tints seen in Azaleas.

The Sensational Carnation, MRS. THOS. W. LAWSON—The grandest pink Carnation, a true exhibition variety. Bloom large and spreading, stem stiff; a good grower. All newcomers will have to meet comparison with the Lawson. Very free for so large a flower. The Lawson is the queen of a class all her own, just as American Beauty is among Roses. No grower can afford to be without it. Thirty thousand dollars was paid for this variety; biggest price ever paid for any flower.

PRIZE SET OF MUMS

BLACK HAWK—An extra fine deep crimson variety of the largest size; none finer of its color. 15 cents.

GOLDEN GLOW—Bright yellow of velvety finish. Flower five and one half inches in diameter. 10 cents.

MRS. JEROME JONES—One of the finest white Chrysanthemums ever raised; flowers of exquisite form and finish; grand. 10 cents.

MAJOR BONAFON—One of the very best deep golden-yellow Chrysanths measured beautiful flower, both in form and color; incurved. 15 cents.

MISS MINNIE BAILEY—One of the grandest all pink Chrysanthemums. In bloom it is exquisite, showing not the slightest trace of coarseness. 10 cents.

JOHN SHRIMPTON—A rich red that has many admirers; of the largest size. Extra. 10 cents.

LAVENDER QUEEN—A lovely shade of pinkish lilac. Very desirable. 15 cents.

MRS. PERRIN—Brightly shaded rose of the brightest of all the pinks. Beautifully formed. 10 cents.

MRS. O. P. BASSETT—A light lemon yellow of the largest size; grand. 10 cents.

PERCY PLUMRIDGE—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from a few rows of lavender pearl to the richest pink. 15 cents.

Virginia Poehlman—Claimed by many to be the very best white to date. Pure white faintly tinged pink. A most wonderfully beautiful Chrysanthemum. 20 cents.

Timothy Eaton—The grandest of all white "mums" simply immense. 10 cents.

Robert Halliday—Flowers of mammoth size and deep golden yellow; really a wonder. 10 cents.

Clemantine Touset—The most wonderful of all white "mums." Pure snow white, often flushed pink; of immense size. 15 cents.

Nagoya—One of the largest and finest brilliant yellows in the whole Chrysanthemum family. 15 cents.

Silver Cloud—A delicate shade of peach pink bordered white. 10 cents.

Good Gracious—This is the grandest of all pink Chrysanthemums. In bloom it is exquisite, showing not the slightest trace of coarseness. 10 cents.

Golden Wedding—Nothing finer among yellows; shines like a burnished gem. The standard for measuring yellows; of mammoth size. 15 cents.

Christmas Cheer—This is the most brilliant Chrysanthemums. 20 cents.

Australian Gold—Deep golden yellow with tones of bronze; of immense size; the petals are feathery, incurved and whorled. One of the finest. No collection is complete without it. It is indeed gorgeous in its coloring and bearing. 15 cents.

Early Flowering Chrysanthemums

So many persons have asked for varieties of Chrysanthemums very best early "mums," so you can see them flower in the garden.

Carrig—Brightest yellow; large and fine.

Glory of the Pacific—A lovely shade of brightest pink; large and fine.

Ostrich Plume Chrysanthemums

Below we offer a grand collection of these Chrysanthemums. The term "Ostrich Plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

Price 15 CENTS EACH.

Louis Boeher—A most beautiful shade of lavender-pink.

Audrey (New)—Pure snow-white, ostrich plume. Elegant.

Hairy Wonder—Enormous terra-cotta, broad, spreading Japanese variety, with perfectly wide curving and incurving petals, which are covered with glandular hairs. Reported as the largest and best hairy ever exhibited. Habit, stem and foliage perfect.

Hardy Pompon Chrysanthemums

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of bloom; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that a armful of flowers can be cut after a sharp frost. Price, 15 cents each.

Dinizula—Rosy-lake; very fine.

Elegant—Deep pink, tipped and edged white.

Goldfinch—Magnificent; gold, shaded crimson; extra.

Golden Fleece—Large, bright lemon-yellow.

Kadar—Clear magenta; extra fine.

Mrs. Vincent—Large; deep purplish-rose.

Rhoda—Bronzy-pink; fine.
Flowering Begonias

Begonias are fine for pot culture indoors and to plant on the north side of the house or other building, or in front of porch where they set shade. The foliage, as well as the flowers, are extremely ornamental, some being spotted and veined to give a parti-colored effect that is quite striking. Begonias planted with Crotons give a wonderful foliage effect, and this is heightened with their lovely showy flowers.

**ALBA PICTA**—Long, pointed, slender leaves, thickly spotted with silvery-white. Foliage small and elegant.

**ALBA PERFECTA GRANDIFLORA**—We doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but it is lighter green, while the flower panicles are much handsomer. It is a capital flowering Begonia of much merit.

**ARGENTEA GUTTATA**—It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

**DECORUS**—This is the white-flowering Rubra, very similar to it, but with many freer flowers.

**FUCHSIOIDES COCCINNEA**—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers of bright scarlet. Very floriferous.

**GRACILIS LUMINOSA**—A magnificent new specimen of the Semperflos type, exceptionally sturdy and vigorous, and unquestionably one of the choicest bedding sorts in existence. Its flowers are large, perfect and free, and never out of bloom. Color, the brightest scarlet.

**MRS. TOWNSEND**—Here we have a grand new Begonia with broad mottled leaves; under side bronze-red. Flowers large of a beautiful pink color. A grand Begonia. 15 cents.

**MARGUERITE**—Leaves a bronze-green, somewhat resembling Metallica, but growing in more lovely form, and easier to handle than the former. Grown in pots. Large trusses of light rose-colored flowers freely produced.

**NEW TRADING Begonia, MARJORIE DAV**—This Begonia is distinct from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that droop from long stems, making a beautiful sight. For single specimen pot plants or for baskets and vases. 

**PICTA ROSEA**—A wonderfully free growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flowers are a rose-red color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually.

**PRESIDENT CARNOT**—The leaf is of silky texture, and is beautifully spotted with silver; under side plish-red. Very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful coral-red flowers in large pendant panicles.

**PICTA**—This variety, as well as the preceding one, is very favorite with the flower growers, and makes a handsome plant, and is a most valuable one.

**RESERBA**—One of the most effective of its class, though the oldest variety. Of a beautiful metallic luster, center and edge a soft velvety green with a broad silver zone terminating at the point. The foliage of this Begonia on well-grown specimens is so massive and the growth so majestic as to awe the beholder. Indeed, we doubt if we have a handsomer plant than this. It is of the very easiest culture. Anyone can succeed with it.

**RUBRA**—Has strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. 15 cents.

**ROUSTA**—This is one of the most peculiar Begonias grown. The stalk, stem and under side of the leaf are Indian-red. The upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose.

**SANDERSONI**—Bushy growing variety; glossy deep green leaves, flowers in clusters of drooping scarlet, heart-shaped buds.

**THURSTONI**—The under side of the leaves is a rich purplish-red, the veins very prominent, while the face or upper side is a bronze-green, shaded with crimson and olive, with a peculiar metallic luster over all. Flowers rose-white, in large clusters well above the foliage. The plant has a fine habit. 15 cents.

**VERNON**—A deep rose flowering Begonia. Suitable for pot culture or for bedding out. Always in bloom.

Large Leaved Rex or Painted Leaf Begonias

Begonias are grown exclusively for the great beauty of their foliage, which is large and beautifully variegated a peculiar silvery-metallic gloss. They make excellent pot plants, and are also effective for bedding in shady corners. We make a specialty of this marvelous family of plants. They require light soil composed of rich loam, loose woods earth and sharp sand. They like a moist, warm atmosphere, and should be kept shaded during the summer. Do not allow the sun to strike the leaves when wet, and do not overwater the plants.

**BEAUTY OF RICHMOND**—Dark green crows feet center with broad band of silver, edged darker with silver dot.

**KING OF REX**—One of the most effective of its class, though the oldest variety. Of a beautiful metallic luster, center and edge a soft velvety green with a broad silver zone terminating at the point. The foliage of this Begonia on well-grown specimens is so massive and the growth so majestic as to awe the beholder. Indeed, we doubt if we have a handsomer plant than this. It is of the very easiest culture. Anyone can succeed with it.

**LESODSII**—This is the finest and largest of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. We consider this the finest of all the Rex family, both in size of leaf and rich coloring.

**MAGNIFICA**—One of the finest of the Rex family; a splendid grower and easy for the amateur to cultivate. The leaves are the darkest of all the Rex, and is a most distinct variety.
Large Leaved Rex or Painted Leaf Begonias—Concluded.

MRS. SHEPARD—A very pretty Rex, with long four-pointed leaf having a smooth surface with silvery white band around a deep bronze center.

SILVER FLEECE—The entire leaf has a pinkish-metallic luster which makes it one of the most attractive varieties. The leaf is very large with a smooth edge and the plant is a vigorous grower.

**Special Rex Begonias**

**SPIRAL LEAF REX BEGONIA**

**Countess Louise Erdody**

The leaf has a metallic luster, dark-silvery in the center; shading to coppery-rose toward the margin. The striking peculiarity which distinguishes it from all other Begonias consists in the fact that the two lobes at the base of the leaf do not grow side by side, but one of them winds in a spiral-like way until in a full grown leaf there are four of these twists lying on top of the leaf nearly two inches high. 25 cents; three for 60 cents.

**THE RED LEAF REX BEGONIA**

**Louise Closson**

One of the richest and most beautiful of the Rex family. The coloring is simply magnificent, center of leaf deep bronze with broad band of silvery-rose, edged bronze, giving the whole a purplish reddish-pink tint. The oddest color of all the Rex. 25 cents, three for 60 cents.

**Tender Plants**

**Asparagus Plumosus Hatcheri**

_The New Lace Fern_

It would hardly be possible to praise this new type too much and it has already made a name for itself among the most critical growers. It is of very rapid growth, the fronds set closer on the stems than the very best type of Plumosus Nanus, making a fuller heavier string and when cut lasts longer in good condition than any other, and is just as good for bunching as the old sort. We will not be surprised if it quickly becomes the leading variety. 15 cents; strong plants, 40 cents.

**Asparagus Plumosus Nanus**

_The Lace Fern_—This graceful climber has to a great extent taken the place of the once popular 8mlax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plant, succeeding under almost any conditions; by pinching back may be grown as a plant. 10 cents each for fine plants; large, strong plants, 35 cents each.

**ASPARAGUS SPRENGERI**

_The Emerald Feather Fern_—A most desirable species especially useful to grow as a pot plant for decorative purposes or for planting in baskets or vases. The fronds are frequently

four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any situation. 10 cents each, three for 25 cents; strong plants, 25 cents.
TENDER PLANTS—Continued.

The Wonderful New Coleus Trailing Sensation

This Coleus is an entirely new break, as no one ever before heard of a Coleus that trailed. It is the first and only one with this habit. The foliage is most glorious, having a large, distinct center of bright pink or red, with a broad border of emerald-green. No plant is more suitable or showy for hanging baskets, window boxes, or for pot culture than this one; its graceful branches hang in lovely festoons two to three feet in length. Coleus Trailing Sensation is in a class by itself. 20 cents each. Put several plants in a basket and see how lovely a plant may become.

COLEUS—General Assortment

We have a collection of thirty kinds of the distinct sorts. Look over the selection of varieties to us, as it is hard to describe the various tints.

5 cents each, any six for 25 cents, any twelve for 50 cents; twenty-five distinct varieties for $1.00.

These are all good holders, standing the hot sun without losing their color. Price of Coleus by the dozen when sent by express, $3.50, you to pay the expressage.

CROTONS

Nothing can excel the beauty and richness of coloring that is found in this class of plants. They are beautiful pot plants for the conservatory, making very handsome specimens for decorative and exhibition purposes. The leaves are used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be kept cool, full sun, in a position where they can be more liberally supplied with water, which develops the most wonderful coloring in the foliage. Undoubtedly the most interesting and showiest bedding in our Springfield yards the past few years was made with this plant. They are fine for basket or vase work. Where we used to sell dozens we now ship thousands. Leave the selection of varieties to us. We can supply twelve choice kinds. Fine plants, 15 cents each; three for 40 cents; six for 75 cents, twelve for $1.25.

CAMELLIA JAPONICA

Camellia is considered the queen flower of the South, and is called the "Camellia." During the month of May immense trees can be seen in full bloom, making the most gorgeous sights to behold. Their dark, shiny leaves contrast beautifully with the waxy-like blooms, which come in pink, white, rose, carmine and variegated shades. No garden is complete without them, as they are also quite hardy in the Southern States and require no protection or care. They are called the Royal Family of greenhouse plants. Time of blooming is in winter and early spring. Requires a moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We offer splendid plants, bushy, well-grown specimens and all in splendid health. The varieties are the best extant, the pick of a continental collection. Plants two to two and one-half feet high, $1.00 each; the set of twelve distinct kinds for $10.00; any four for $3.75. All our Camellias are double-flowered. We can supply other sorts other than the twelve named at same price, all fine varieties, by express at your expense.

CHANDELIERI ELEGANS—Lively red, spotted pure white.
COUNTESS LAVINIA MAGGI—Pure white striped red.
DONKEI LAIRI EUGENE LIZE—Carmine red, spotted with white.
DUCHESS DE CAZI—Carnation-pink, veined rose, bordered white.
IL TRAMENTO—Carmine striped white, very rich.
MARGHANTA CALEONIE—Fine red maculated with white.
MADAME LEBOIS—Clear red.
NOBILISSIMA—A better white than Alba Plena; much freer in bloom. Extra pure white. The grandest of all Camellias.
PRESTON ROSE—Color beautiful transparent rose; grand.
PRINCESS BACIOCHI—Dark red.
PRINCESS CLOTILDE—Clear pink, striped red.
SACO NOVA—Delicate transparent pink. Ethereally beautiful.

FUCHSIAS, or Ladies' Eardrops

Price, 15 cents; the set of six for 75 cents.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush and is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright red and crimson buds and blossoms. A truly beautiful Fuchsia, and pink color. Certainly a plant of easy culture.

ENFANT PRODIGI—A grand Fuchsia; bright red sepals deep carolla.
MONSTROSA—Of the largest size; scarlet sepals, double snow-white corolla.
TENDER PLANTS—Continued.

OLEANDERS

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar. Except when noted, 15 cents each; the set of four Oleans for 50 cents.

LUTEA—Has double primrose-yellow flowers of a lovely shade, also fragrant. Scarce.

ROSEA—Has double pink flowers. The old favorite. Very sweet.

ROSEA VARGIETA—Foliage is green, deeply edged with yellow; flowers purple, fragrant. Scarce.

LILIAN HENDERSON—Has double white flowers of the largest size. Fragrance like the old double pink. Scarce.

The four different colors of Oleans for 50 cents.

EMPEROR PANSIES

Our Emperor Pansies are the best the world produces. They are the choicest large-flowering sorts, both of European and American growers. It has been our aim to make this the finest strain of this favored flower in existence. 5 cents each, six for 20 cents, 35 cents per dozen, forty for $1.00, net.

NEW LEMON PONDEROSA

The Wonderful New LEMON PONDEROSA

Our New Ponderosa Lemon is what we claim for it. Largest freest blooming, fruiting and most delicious of all Lemons.

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of the ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. We have the entire stock of this ponderous Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own lemon; it will fruit freely each year. Thrifty young plants, 15 cents each; strong one-year-old plants, many of which will fruit this year; strong two-year-old plants, 50 cents each.
TENDER PLANTS—Continued

Peperonia Muscosa, or Watermelon Begonia

This is also known as the Silver-Leafed Begonia. Here is a most beautiful plant for pot culture; easy to grow and thrives anywhere; leaves deep olive-green, distinctly marked with silvery-white. Thick and waxy-like leaves distinctly variegated white and green, and have the appearance of being powdered with fused silver. 15 cents.

SANSEVIERIA ZEYLANICA, ZEBRA PLANT

A beautiful plant, specially adapted for the decoration of drawing rooms and halls, as it stands dust and drought with impunity and requires scarcely any water. The leaves are beautifully striped crosswise, with broad white variegations on a green ground. It is a rare and beautiful plant, which should be abundantly grown for the position of its attractive, where other plants will not thrive. It can be placed in any position in any room and do well. It has a singular beauty for decorative purposes and is much used in the East and West.

Belonging to the Icacinaceae, it thrives well in winter and summer. For vases and baskets, it is a fine centerpiece, and grows splendidly out of doors during summer. Fine plants, 15 cents; two for 25 cents.

EVER-BLOOMING TRITOMA PFTZERII

The greatest bedding plant ever introduced, surpassing the finest Carnation for attractiveness and brilliancy, equal to the Gladiolus as a cut flower, and blooms incessantly from June until November. Plants perfectly hardy in open ground all winter. It is the annual flower par excellence. Further north they must be protected or wintered in the cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out very early in the spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show six to twenty grand flowers at all the time, each holding at a height of three to four feet a cluster of flame colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks and when it fades several more are ready to take its place.

Fall frosts do not kill it or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful keep makes keeps several weeks in water. Strong plants that will bloom the first summer, 15 cents each; two for 25 cents.

BEAUTIFUL AND FRAGRANT VIOLETS

Of all the delightful perfumes that of sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers they should be kept at a low temperature, as they will not bloom if the temperature is too warm. If left in the open ground during winter, protect with a covering of leaves.

Double White Perpetual-Flowering Violet SWANLEY white, or Queen of Fragrances. Of all the white Violets, this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriously and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. 15 cents each.

LADY HUME CAMPBELL—A true ever bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a shade of the richest intense blue. It is a charming contrast with the white variety. 15 cents.

NEW IMPERIAL OR PARMA VIOLET

This is, without question, the largest, richest colored and most hardy perfumed of all the Violets. It blooms very freely, literally bending the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. 20 cents; the three Violets for 40 cents.

In this list we do not give extended descriptions, but to thesamental will all readers. These are suitable for house and garden culture.

Ruellia Mokoyana

This is a charming indoor plant for culture in pots or may be used in vases and baskets; of bushy spreading habit and finely marked leaves, which are beautiful olive-green, delicately veined with silver and rich purple underneath. A neat and handsome plant, always bright and pretty. The flowers are exceedingly beautiful, trumpet shaped, and of a rosy-lavender color, almost covering the plant in their great profusion. 18 cents each; two for 25 cents.
Tender Vines and Climbers

THE WONDERFUL GIANT MOONFLOWER

(IPOMEA MAXIMA.)

A Giant in Growth and Flower and Wonderfully Fragrant.

This grand new Moonflower is a decided improvement over the old well-known variety Ipomaea Grandiflora. The flowers are more than twice the size of the old variety, and are produced in such wonderful profusion that they completely cover the vine with a veil of glistening white. Its growth is very rapid when planted in good rich loam soil, nothing to equal it has a tender vine for porch and lattice shading. Fine plants, 15 cents each.

New Moonflower, HEAVENLY BLUE—This makes a splendid companion to the White Moonflower. It is equally rapid in growth, and a much freer blooming variety than the white one. The blooms come in clusters of five to twelve, and at times almost hide the vine. The flowers are the most heavenly blue, with reddish-purple rays, and six inches across. Nothing is more beautiful. 10 cents.

BULBS

New Dwarf Calla, LITTLE GEM—This Calla only grows about eighteen inches high, and is the freest blooming of all the Callas. The bloom is pure white. The following facts will convince anyone of its great superiority over the old sort. Of dwarf habit. The same plant will grow and bloom for years, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we ever offered. 15 cents, two for 25 cents.

Golden Yellow Calla, RICHARDIA ELLIOTTIANA—It has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous yellow color. Blooming bulbs, 35 cents.

Spotted Calla, RICHARDIA ALBA MACULATA—Plant with beautiful spotted leaves. It flowers abundantly during the summer months when planted out in the open border. It makes a fine plant for the center of vases. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in the winter, and start in the spring like a Dahlia. Blooming bulbs, 10 cents, three for 25 cents; larger size, to produce a dozen blooms, 20 cents.

SPECIAL OFFER—The Six Calla Lilies costing $1.30 for $1.00 net.

MISS ELLA V. BAINES, THE WOMAN FLOREIST, SPRINGFIELD, OHIO.
TENDER BULBS—Concluded.

Pan-American Gladioli

GLADIOLI, The Pan-American—Our Pan-American mixture is the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This mixture includes all the new strains, such as "Gray's Ingledes," "Burbank's California Selects," "Childsl," and "Grof's Hybrids." They bloom from the first, and all stand four or five feet high, with spikes of bloom over two feet in length. They branch freely, in most cases each stem producing three or four spikes of bloom, and blooming much earlier than ordinary varieties. The flowers are of great substance and gigantic size, frequently seven to nine inches across. The form of leaf for their vernal dress. It is quite possible to have the throat made up of white, crimson, pink, yellow, etc., and in this peculiar network of charming spots and colors lie ones of its finest mixture. It is not easy to enumerate all the other Gladioli in size of spike, size of bloom, vigor, and magnificent coloring and freedom of bloom. 5 cents each, 50 cents per dozen, $3.00 per hundred, by express. For you to order express, cheaper mixture, 3 cents each, two for 5 cents, twelve for 25 cents.

THE WHITE JAPANESE SPIDER LILY—Flowers are disposed in rays and resemble a immense spider. Of large size, pure white and deliciously fragrant. Blooming bulbs. 25 cents.

HARDY VINES AND CLIMBERS

Large Flowering Clematis

JACKMANII—This is perhaps the best known of the fine perennial Clematis, and should have credit for the great popularity it has attained among the flower gardens. Fine in growth, abundant bloomer, producing flowers until frozen up. The flowers are large, and of an intense violet-purple, remarkable for their luxuriance. 50 cents.

BANGHOLM BELLE—This is the finest of all white Clematis. Flowers large, of a beautiful creamy-white. 50 cents.

DUCHESS OF EDINBURGH—This is, without doubt, the best of all white Clematis. Very fine flowering; fragrant. 50 cents.

VILLE DE LYON—The color is brightrosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, it produces large flowers. 50 cents.

GIPSY QUEEN—A unique shade of Clematis, a pretty lavender-pink, a fine contrast to the strong-colored sorts. Rapid in growth and slender, graceful habit. 50 cents.

SIEBOLDI—A lovely shade of lavender; very beautiful and distinct. 50 cents.

SPECIAL OFFER—The set of six distinct large-flowering Clematis for $2.25; any three for $1.25. This is a bargain as the roots are large and strong. The best you have ever seen.

Clematis Paniculata

Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. An arbor or portico over which this Clematis is trained is a wall of white flowers. The blooms last well after the leaves have ceased blooming. Perfectly hardy; grows rapidly. Fine vines, 15 cents, two for 25 cents. Strong two-year old plants to bloom this year, 25 cents each.

AMPELOSIS VEITCHII—(The Boston Ivy.) Clings firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. 10 cents each; two-year-old plants, 25 cents; three-year-old plants, 40 cents.

KLONDYKE—Light yellow, with crimson-maroon blotch.

ANGE MONNERET—Delicate pink, with white stripe.

MAY—White, flecked with rose-crimson.

MRS. F. KING—A light scarlet of pleasing shade.
HARDY BORDER PLANTS AND BULBS

HARDY BEGONIA, EVANSIANA

Photograph of New Hardy Begonia, EVANSIANA

Think of it! A hardy Begonia, one that stood twenty degrees below zero last winter, and came up and bloomed all summer. Another thing in its favor, it requires shade to grow in, at least partial shade. Many people write us asking for plants suitable for shady places. Well, Begonia Evansiana fills the bill. It is a wonderful beautiful Begonia, having perfect flowers, in large racemes almost covering the entire plant. Color a sparkling pink that is simply entrancing. Everybody will want a hardy Begonia, it is also fine for pot culture.

Price for plants or bulbs to bloom this summer, 25 cents; three for 60 cents.

BURBANK'S SHASTA DAISIES

SHASTA DAISIES—(New.) The Shasta Daisy is one of the most marvelous products in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening white, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more.

The New Hardy Ever-Blooming Carnation

"CRIMSON KING"

Everybody has asked for a Carnation that would live in the garden during the winter. We have pleasure in offering this new plant, as it will fill the bill. It is absolutely hardy, standing the Canadian winters in the yard. It blooms all summer long, never a day that you cannot cut blossoms. The color is a rich crimson, the fragrance of this beautiful flower. 50 cents each for plants to bloom this summer.

HARDY LILIES

LILIUM AURATUM—(Golden-Rayed Queen of Lilies.) This is the grandest Lily grown, and a never-failing delight. The perfume is exquisite—light, yet penetrating. Also known as "Gold banded Lily from Japan." 25 cents.

AZALEA MOLLIS—The most brilliant and showy of all hardy shrubs, exceeding even the Rhododendron, and entirely hardy without protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June, and they produce an effect that is actually brilliant and dazzling. Plants ready to bloom. 50 cents; three for $1.25.

BUXUS (Ornamental Box)—Sempervirens. Useful for edging and bordering, walks, etc. A handsome shrub with deep green foliage. This is the genuine Sempervirens Japonica, but we find it so much more vigorous and hardy that we advise planting this and trimming to height required. 8 cents each, 50 cents per dozen, postpaid; by express, purchaser to pay expressage, $3.00 per hundred.

CALYCANTHUS FLORIDUS—(Carolina Allspice or Sweet Scented Shrub.) A most desirable shrub. The wood is fragrant, flowers of a rare chocolate color, having a peculiar agreeable odor that is very penetrating. They bloom in June and at intervals up to the fall. Fine plants, 10 cents; strong two-year-old plants, 25 cents.

CYDONIA JAPONICA—(Japan Quince.) Has bright scarlet flowers in great profusion in the early spring; one of the best shrubs. Fine plants, 25 cents.

DEUTZIAS—Their dense habit, luxuriant foliage and profusion of bloom render them among the most beautiful of Shrubs. They flower the latter part of June.

DEUTZIA GRACILIS—Dwarf habit. Covers itself with pure white bell-shaped flowers. 15 cents each; strong plants, 25 cents.

DEUTZIA GRACILIS ROSEA—Same as above but pink flowers. 15 cents each.

DEUTZIA CRENATA, Fl. Pl.—Flowers double white, tinged with rose. 15 cents; two-year plants, 25 cents.

DEUTZIA PRAE OF ROCHESTER—Large double white flowers. 15 cents; two-year plants, 25 cents.

DEUTZIA LEMOINEI—Has long slender arching branches; white flowers. 15 cents; two-year plants, 25 cents.

SPECIAL OFFER—Five Deutzias for 60 cents.

New Hydrangea "HILLS OF SNOW"—This is the great new hardy shrub that has come to gladden our yards and gardens. We place it first and foremost of all shrubs. It makes a perfectly round symmetrical bush that is covered from June to August with handsome large pure white flowers. Be sure and cut this new plant and new hardy shrub, it will please you.

Young plants, 15 cents each; two for 25 cents. Strong two-year-old plants, 40 cents each; three for $1.00. Large specimen plants to 10 dollars each.

HYDRANGEA PANICULATA GRANDIFLORA—A great favorite, and there is nothing finer or more showy, whether for planting in large masses in parks or for single plants on the smallest lawns. Blooms profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fall. The fully matured plant should be cut back to the ground each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. The flowers are not as dwarf as many of these other species, yet it is perfectly hardy and vigorous. Though the plant is so hardy and easily grown that success is almost certain in any kind of soil and in any situation. Young plants, 15 cents each; three for 40 cents. Strong flowering plants for immediate effect, two years old, 35 to 50 cents, according to size.

HYDRANGEA SYRIACUS—(Althea or Rose of Sharon.) Also known as the Hollyhock Shrub, belongs to the Mallow family. These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and fall in various brilliant and striking colors. They bloom freely during August and September, when scarcely any other Shrub is in bloom. Six varieties: Jewel of Asia, double white; Bonne de Paris, deep red; Provines, double pink; violet Claire, double violet; Bicolor Hybrida, double variegated; Snowdrift (Tutus Albus), single pure white. This is the best of all. Two to eighteen inches high, 15 cents; two for 25 cents; the set of six for 60 cents; fine plants two feet high, well branched, three for $1.00; the set of six for 90 cents.

JASMINE PRIMULINUM—(New.) This is a grand new Jasmine of bushy growth; star-shaped yellow flowers. Try this plant. 20 cents.
**HARDY DECIDUOUS SHRUBS AND TREES—Concluded.**

**PHILADELPHUS**
**SYRINGA, MOCK ORANGE**

These are invaluable shrubs blooming in June. Fine plants 15 cents each; two-year-old plants, 25 cents.

**PHILADELPHUS CORONARIUS**—(Garland Syringa.) Pure white flowers, highly scented.

**PHILADELPHUS GRANDIFLORUS**—(Large-Flowered Syringa.) Has very showy large white flowers, delicate fragrance.

Lemoine's New Philadelpus

**MANTEAU d'HERMINE**—(Cape of Erin.) Dwarf growth with long, slender branches densely covered from base to top with sweet scented double flowers of creamy-white. In fact the flowers are borne in such great profusion as to totally obscure the plant. 25 cents.

**MONT BLANC**—The branches of this beautiful variety are covered with white flowers that are deliciously fragrant. A grand species. 25 cents.

**NOTE:**—The above two new Philadelpus are away ahead of the old varieties. Being dwarf they are superb for hedge planting.

**VULGARIS**—(Common Lilac.) Bluish purple flowers. A standard variety. Always good.

**VULGARIS ALBA**—Common white Lilac very large clusters of cream colored flowers. Extra.

**SPIREA**

(Meadow Sweet.) These are beautiful shrubs of the easiest culture, very desirable for planting on the lawn in groups or as single specimens. Their blooming extends over a period of three months. One-year, 15 cents each; strong two-year-old plants, 25 cents each.

**ANTHONY WATERER**—This beautiful gem makes a low, compact hush and is covered nearly the whole growing season with large umbels of deep crimson flowers which measure nearly a foot across. When scarcely three inches high it begins to bloom, and therefore is seldom out of flower. As a pot plant for growing in the open ground nothing can equal it. Perfectly hardy, it is unquestionably one of the really meritorious plants that we cannot have too many of.

**PRUNIFOLIA FI. PL.**—(Bridal Wreat.) A beautiful shrub from Japan, with double pure white flowers like white daisies in May. It keeps in flower a long time and justly merits to be placed in the front rank among flowering shrubs.

**VAN HOUTTEI**—At the flowering season in May and early June, the plant is covered with a mass of large white flowers, presenting a beautiful appearance. Very hardy; one of the finest shrubs in the catalogue.

**SNOWBALL** (Viburnum)

**VIBURNUM OPLUS STERILIS**—(Guilder Rose.) A well known favorite shrub of large size, with globular clusters of pure white flowers. The Snowball of our mothers' gardens. Blooms in May. One-year plants, 15 cents; two-year plants, 25 cents.

**WEIGELA** (Diervilia)

They produce in June and July superb large trumpet-shaped flowers that almost hide the plant. They are very desirable for borders or for grouping, and as specimens on the lawn.

One-year plants, 15 cents; strong two-year plants, 30 cents each.

**CANDIDA**—A vigorous, erect grower, flowers pure white and produced in great profusion in June, and the plants continue to bloom through the summer, even until autumn.

**EVA RATHKE**—A charming Weigela flower, brilliant crimson. A beautiful distinct clear shade.

**ROSEA**—An elegant shrub with fine rose colored flowers of erect compact growth. blossoms in June.

**ROSEA NANA VARIEGATA**—Of dwarf habit and possessing clearly defined silvery variegated leaves. Flowers nearly white. It stands the sun well.

---

**Hedge Plants**

We here name the most suitable plants for hedges.

**BERBERIS** (Barberry)

**THUNBERGII**—From Japan. A pretty species of dwarf habit. Small foliage changing to a beautiful coppery-red in autumn. A slower grower than the privets, but needs no trimming and is a feast for the eye when full grown. One-year plants, 15 cents each; $1.25 per dozen; $10.00 per hundred.

**LIGUSTRUM PRIVET**

**AMURENSE**—(Amur River Privet.) This is a very graceful plant, requires little trimming. The leaf is small and rounded, plant branching, has not the stiff or formal effect that the California Privet has. Two-year, eighteen to twenty-four inches, branched, 10 cents each; 75 cents per dozen, postpaid; by express, purchaser to pay express, $5.00 per hundred.

**OVALIFOLIUM**—(California Privet.) This makes when pruned a very formal hedge, will grow almost anywhere thriving where other plants refuse to grow. Two-year, eighteen to twenty-four inches, branched, 10 cents each; 75 cents per dozen, by express, purchaser to pay express, $5.00 per hundred.

**SURPRISE COLLECTION ONLY ONE DOLLAR**

We usually have at the end of the selling season a number of choice plants that we have grown a surplus of. To those who will send us a dollar, we will send some choice plants that will be a surprise to you. If your order goes by express, we can send many more plants than if it goes by mail. So send us a dollar, and after June 1, we will send you the Surprise Collection of plants. The selection will be strictly our own. Everyone was pleased with them.

**VELVET SOD LAWN GRASS SEED**

Composed of a variety of fine, dwarf, close-growing grasses, which on properly prepared, finely pulverized ground, will produce very quickly a neat velvety lawn and permanent sod. Has given universal satisfaction for the past twenty-five years. 30 cents per quart.

**WALKER’S EXCELSIOR PLANT FOOD**

The essence of plant life, fine for living plants, odorless. If you want to see your plants grow and bloom, try this Exelsior Plant Food. We recommend it especially for plants grown in the house. So you test this food at small cost to you. We offer a trial size, made with directions how to use for 15 cents. Will feed twenty-five plants one time and show you how it works. One-half pound package, making eighty pints, for only 30 cents, postpaid. One pound package, making 160 pints, only 50 cents, postpaid.
